NEW YORK, Oct. 25—Premier Joseph Stalin today received American Secretary of State Cordell Hull for an important discussion.

Announcement of the meeting, which was attended by Vyacheslav Molotov, commissar for foreign affairs, and W. Averell Harriman, new American ambassador to Moscow, was broadcast by the Moscow radio and heard by the FCC.

WASHINGTON, Oct. 25—Strong diplomatic belief prevailed in Washington today that the United States and Great Britain have informed Russia it would be premature and hazardous to the Allied cause for the Anglo-American armies to attempt to open a major second front in western Europe this year.

Secretary of State Cordell Hull and British Foreign Secretary Anthony Eden are believed to have expressed this view to Soviet Foreign Commissar Molotov in response to the latter's appeal for an all-out Allied effort to defeat Germany within the next few months.

On the basis of the reports which have been received concerning the momentous discussions in Moscow, qualified Washington diplomatic observers pictured the opening phase of the conference as having developed as follows:

Molotov Firm

Molotov insisted that the first item to be discussed on the agenda of the conference should be the military problem of shortening the European conflict. Hull and Eden are believed to have assented to this request.

In the opening stage of the military discussions, Molotov is thought to have emphasized that the main Allied task now should

FUNERAL SERVICES FOR LAKE VICTIM TUESDAY

COLUMBUS, O., Oct. 25—Funeral services for Dr. Francis Keck, 69, prominent Columbus dentist, who drowned a week ago in a speedboat mishap, will be held tomorrow.

Keck's body was recovered yesterday. The body of Harry Edwards, 40, of Columbus, also drowned when the speedboat overturned at a yacht club outing, is still being sought. The bodies of four other victims were previously recovered. Two were saved.

Playboy's Daughter Murdered

Beautiful Heiress Found
Dead In Swank Home—
Suspect Held

BULLETIN

NEW YORK, Oct. 25—A dashing young RCAF cadet was detained today for questioning in the bloody Beekman place murder of the beautiful heiress with whom he eloped two years ago despite family objection.

Detectives Patrick J. Kenney announced the arrest at his training field barracks in Toronto, Ont., of 26-year-old Wayne Lonergan, husband of the lovely victim of the third murder in fashionable Beekman place in the last few years.

NEW YORK, Oct. 25—Police today held a 43-year-old interior decorator in connection with the brutal bludgeon-murder of a beautiful heiress and intensified their search for her estranged husband, an RAF flying cadet.

Held as a material witness in the death of 22-year-old Mrs. Patricia Burton Lonergan, daughter of one of the nation's best known playboys of a decade ago, was Mario Gabelline, Mrs. Lonergan's companion on an all-night tour of swank East-side cafes Saturday night.

Mrs. Lonergan's nude body was found in her swank Beekman place triplex apartment where she lived with her year-old son and his English governess.

Assistant District Attorney John F. Loehr announced Gabelline's detention following a 12-hour grilling even as he gave orders intensifying the search for the victim's husband, Wayne Lonergan, known to have visited his wife Saturday afternoon.

Police said Lonergan was stationed at a flying field near Toronto, Ont., and asked the help of Royal Canadian Airforce officials

HITLER AIMS AT FEDERATION OF BALKAN STATES

LONDON, Oct. 25—Adolf Hitler hopes to announce formation of a pro-Nazi confederation of six Balkan states before the end of the current Allied conferences in Moscow, Reuters reported today, quoting a Budapest dispatch to the Istanbul newspaper Askam.

Observers are of the opinion the Fuehrer thus hopes to bolster wavering German influence in the Balkans, which has suffered a decided loss of prestige with each new tiding of Nazi defeats and setbacks on the fighting and political fronts.

The Daily Mail in a story from Ankara attributes to Bulgarian newspapers reports that 150,000 Nazi troops are concentrated in the Aegean area. Thirty thousand German troops recently were sent to the Salonika region as reinforcement against possible Allied attack through the famous World War I front, these reports disclosed.

The Daily Mirror in a report from Istanbul said Bogdan Filoff, the Bulgarian regent, threatened he would follow Italy's example and ask for an armistice with the Allies unless the Reich provides sufficient aircraft to protect Bulgarians from bombings.

A dispatch from Stockholm to the Daily Express reports sabotage is rife in Romania following the Nazi setbacks in Russia, the German occupation of the whole Romanian Black sea coast and wholesale confiscation of food by the Wehrmacht.

EISENHOWER AT FRONT

FIFTH ARMY HEADQUARTERS IN ITALY, Oct. 22 (Delayed)—Gen. Dwight D. Eisenhower today made his second visit in as many days to front line positions north of the Volturno river. Travelling in a jeep convoy with Lieut. Gen. Mark W. Clark and his aides, the Allied commander-in-chief stopped to chat with American soldiers within four miles of the German lines.

Property Damage Heavy
In Four Automobile
Mishaps In County

Four automobile accidents, happening in various parts of Pickaway county during the week end, left ten persons injured. Property damage in all of the mishaps was reported heavy.

Margie Trimmer, 19, of 476 East Franklin street, was taken to Berger hospital shortly after midnight Sunday after she was thrown into the windshield of the automobile driven by Maynard Warner, 17, of Pickaway township. Miss Trimmer is suffering from multiple cuts on her face, head and neck, a temple artery being severed. She was reported Monday to be rational and in fair condition although she loest much blood.

Warner, driving a 1931 Buick sedan, was not injured except for bruises, and neither was Jean Trimmer, sister of the injured girl, or Robert Rhoades, both of whom were riding in the Warner automobile.

Police report says the accident, on Franklin street just east of Mingo at 11:45 p. m. Sunday, happened when the Warner car crashed into the 1941 Pontiac sedan driven by Gerald Mason, 16, 549 East Franklin street. Mason was making a U-turn, police said, when the Warner car crashed against it. The automobile of Edward Richardson, East Franklin street, parked at the scene of the collision was also damaged.

Rear end of the Mason automobile was demolished and the front end, both fenders and the windshield of the Warner car wrecked. Rear end of the Richardson automobile was also damaged.

Rain was falling at the time of the accident.

Herman Hettinger, 17, of Walnut street, was injured in another crash.

FIRE FATAL TO TWO PROBED BY FBI AGENTS

EASTON, Pa., Oct. 25—An FBI probe was under way today into the explosion and six-hour fire which swept through the Metropolitan-Edison Company's gas works in Easton yesterday, cutting off gas service to thousands of homes and war plants.

The death toll remained at two, with 20 or more night shift workers injured. More than 1,000 residents of nearby areas, evacuated from their homes during the blaze, were permitted to return today.

BOND SALES IN COUNTY DRIVE REACH \$1,412,350

Pickaway countians subscribed \$1,412,350 in War Bonds during the Third War Loan drive, this amount being 106.1 percent of the \$1,331,000 quota assigned to the county.

Clark Will, chairman of the Third War Loan drive in the county, received the final report Monday from John H. McCoy, Columbus, chairman of the Area 4 for the Ohio War Finance Committee.

The \$1,412,350 was collected from 4,853 individual sales.

Mr. McCoy wrote the following note of thanks to Mr. Will:

"Your government is greatly indebted to you for the effort and leadership which you have given so generously."

Mr. Will expressed his thanks also to all solicitors and to all persons who helped in the successful campaign.

SINGLE AIM OF ITALY TO PUT NAZIS ON RUN

LONDON, Oct. 25—Premier Marshal Pietro Badoglio, interviewed "somewhere in southern Italy," declared the whole life of Italy now is dominated by a single thought—free the country from the Germans—the London Times stated today.

This goal can most quickly be achieved by close collaboration with the British and Americans, Badoglio said, adding:

"This aspiration is so strong that its effect is to silence any difference of ideas and principles until that aim shall be achieved."

The Times correspondent wrote: "Marshal Badoglio offers no political undertaking save the complete suppression of Fascism. He received the promise of collaboration within these terms from all the parties of the former parliamentary regime and it is his intention to form a government representing them as soon as their leaders are free to join him."

"The marshal binds himself to resign office as soon as hostilities have ceased and leave the destiny of his country in the hands of an extraordinary political ministry. . . . It is well to remember that the Greek and Yugoslav governments have an equal interest in the expulsion of the Germans in Italy. Marshal Badoglio gives them a most express assurance that a liberated Italy will renounce all of the designs against them propagated by Fascism. This carries, as it were an Allied counter-signature. Co-belligerency confers no territorial or other rights on Italy at the expense of her neighbors."

At Nassau

NASSAU, Oct. 25—The second week of the sensational trial of Count Alfred De Marigny for the bludgeon-fire murder of Sir Harry Oakes, his millionaire father-in-law, began today with spectator interest centered in a "filthy" letter expected to be introduced as evidence.

Both prosecutor and defense prepared to bring their "heavy artillery" into action with Capt. Edward Melchen, Miami homicide chief, expected to occupy the stand most of today and the appearance later in the week of Lady Eunice Oakes.

Capt. Melchen, who was summoned to investigate the crime by the Duke of Windsor, governor general of the Bahamas, testified at the preliminary hearing concerning a trip to California by pretty Nancy Oakes with De Marigny before their marriage. He also said De Marigny discussed with Lady Oakes by Mrs. Ruth Fattenstock Schermerhorn, the count's second wife.

The Miami officer likewise is expected to be thoroughly grilled concerning the bloody fingerprint found on the ornamental screen in the murder room, as well as the bloody smudges on the walls, which he examined shortly after the discovery of Sir Harry's burned and beaten body.

A seeming estrangement between Nancy and her mother, Lady Eunice, over their feelings in the case, was the topic of local discussion everywhere in Nassau today. Both are to be called as witnesses as the trial progresses, and therefore neither is permitted in the courtroom.

Lady Eunice arrived from Miami by plane Saturday afternoon, accompanied by Walter Foskett of Palm Beach, the Oakes family attorney. Although Nancy went to the airport to meet Lady Eunice, the latter slipped out a side exit to avoid curiosity seekers and went straight to Maxwellton house, one of the ten

MINERS IGNORE DEADLINE SET BY LABOR BOARD

20,000 Idle Diggers In
Alabama Take No Action
On Federal Order

SEVEN STATES INVOLVED

Case Now May Be Put Up
To President For
Final Ruling

By International News Service

Little hope was held out that a general back-to-work movement would develop among striking coal miners in Alabama today, the deadline fixed by the War Labor Board for ending the wildcat stoppages in that state.

While more than 1,000 strikers at the Republic Steel Corporation's two Sayreton mines have voted to return to work, no action was taken on the WLB order by an estimated 20,000 other idle diggers in the Alabama fields.

The unauthorized strikes that followed the return of the government-controlled mines to their owners more than two weeks ago now has spread to seven states. At least 35,000 miners were idle in Alabama, Kentucky, Arkansas, Indiana, Pennsylvania, Ohio and Illinois.

All miners are members of the United Mine Workers of America. Some union leaders claimed the strikes were caused by the failure of the mine operators to negotiate a contract with the union. Others blamed the strikes on local issues while those in Arkansas were said to be in sympathy with the Alabama diggers.

Up To Roosevelt

In its ultimatum to the Alabama strikers, the WLB served notice their case would be certified to President Roosevelt if they failed to return to their jobs today. Such action, it was believed, might result in government seizure of the Alabama mines and a reclassification of the draft status of the strikers.

War production authorities estimated that 50,000 tons of coal were lost daily to the war effort in Alabama alone since the strikes began. Eight blast furnaces producing 6,800 tons of pig iron daily have been banked as well as 12 steel furnaces.

Tom Raney, member of the UMWA board, announced that all coal mines in the Big Sandy field of northeastern Kentucky would resume operation today.

MILITARY DOGS NOW LIMITED TO 18 BREEDS

NEW YORK, Oct. 25—The number of dog breeds acceptable for service in the K-9 corps had been reduced to 18 today according to an announcement by Dogs for Defense, Inc.

"Chows have been found to be unreliable," Mrs. Charles Baizer of Madison, N. J., director of the agency for the state of New Jersey, said in explaining the new rules for military dogs.

"Setters are out because they have been bred for bird dogs too consistently and even after army training still go after birds. Great Danes are too big to handle."

Thoroughbred collies also are barred from future military activity, Mrs. Baizer said apparently because "they have the brains bred out of them." She added that the Briard, a French sheepdog had been eliminated as "too dumb" for army duty.

Approved breeds are the airedale terrier, Alaska malamute, Belgian and German shepherd, boxer, bull mastiff, farm-type collie, dalmatian, doberman pinscher, Eskimo and Elberian huskies, giant schnauzer, Irish water spaniel, mastiff and curly coated Chesapeake bay, flatcoated and Labrador retriever.

NAZIS REEL DISASTER FACES THEM AT KIEV AND IN THE SOUTH

THE SOVIET radio reports that Russian troops are dislodging the Nazis from town after town in their march on Kiev, capital of the wheat-rich Ukraine. Another Red army has knifed its way to within 28 miles west of Gomel, capturing six strongholds and killing 3,000 Nazi troops. (International)

THE Germans frantically hurried masses of reserves from the Crimea into the battle for Melitopol without avail. The city's capture by the Russians now endangers 500,000 Nazi troops in the Dnieper bend.

"BIG FIVE" TO VOTE ON STRIKE

Rail Union - Chieftains
Planning For Poll Of
350,000 Members

CHICAGO, Oct. 25—General chairman of the "Big Five" operating railroad brotherhoods reconvened today following approval of a strike vote and a decision to set up machinery for polling their 350,000 members.

Highlight of yesterday's conference in Chicago was the action of the Brotherhood of Railroad Trainmen in approving demands for sweeping revisions of working rules which the brotherhood said would discourage waste and hoarding of manpower and widen the system of incentive pay on the nation's railroads.

The brotherhood's chairman, representing 200,000 workers, voted unanimously to submit the question of rule changes to a referendum of the membership. The changes would authorize the Brotherhood's president and wage committee to make demands on the carriers and empower the bargaining officers to call a strike to enforce the demands.

This action, without precedent since the passage of the railway labor act, would join the new issue of rules with that of wages on which the trainmen and the four other brotherhoods in the "Big Five" already have acted.

In deciding to poll their membership in a strike vote, the Brotherhoods rejected the 4-cent-

WASHINGTON, Oct. 25—President Roosevelt was steadily improving today from a slight attack of grippe which caused him to cancel all appointments since last Friday and confined him to bed for two days. Admiral Ross McIntyre, White House physician, reported this morning the President now has less than a degree of temperature and is "still a little achy," but is expected to be out of bed and in his study this afternoon.

American forces of the Fifth Army in Italy today had seized a stretch of three miles of high ground which dominates the railroad and highway from Capua to Rome.

By seizing the small town of Sparanise, Lieut. Gen. Mark Clark's men plunged a wedge into the Nazi line and are in position to outflank German forces holding a canal north of the mouth of the Volturno river on the Tyrrhenian coast.

British troops of the Fifth Army, according to an announcement from Gen. Dwight Eisenhower's headquarters, are slowly forcing forward in a frontal push against the Nazis' Massico ridge line, on the west Italian coast.

On the Adriatic coast, Gen. Montgomery's veteran Eighth Army has improved its bridgeheads across the river Trigno and is progressing along its whole front.

Reich Plastered

The Reich itself took a pre-dawn plastering from British Mosquito bombers, which attacked targets in the Ruhr and the Rhine-land. The attacks on western Germany came on the heels of raids by Allied heavy bombers in southern Austria on Sunday. Allied headquarters in Algiers said Tirana, capital of Albania, was also included as a target.

ALGIERS, Oct. 25—An attack by American Flying Fortresses and Liberators on targets in southern Austria was announced today.

Although no details of the raid or its results were given in the official communiqué—other than that the bombers were from North African bases and that heavy clouds made observation of results difficult—Axis radio reports provided additional information.

The Axis broadcasters said the principal target was Styria, called "the Ruhr of Austria." Axis reports said Danube valley points in Hungary also were attacked, but no mention of this was contained in the Allied announcement. The enemy broadcasts claimed 300 American bombers escorted by 200 long-range fighters carried out the raid.

Vital Area Blasted

The attack on the southern Austrian industrial region, jam-packed with mines, factories and railways, occurred Sunday.

Over the week-end the North Africa air forces had a busy time, striking at a dozen different targets in Italy. Tirana, capital of Albania, was attacked twice—Sunday by Mitchell medium bombers and Saturday by long-range fighters—the deadly, twin-engined, twin-fuselage Lightnings.

Fifteen enemy planes were downed over the week-end, and pilots reported Luftwaffe resistance appeared to be increasing as

YOUNGSTERS TO BE CRIPPLED BY SHOE RATIONING

CHICAGO, Oct. 25—If children are prevented from getting more than two pairs of shoes a year under the rationing system, the youngsters will have partially crippled feet within 10 years, Dr. Harlow C. Stahl of Youngstown, O., said today.

Dr. Stahl, president of the Fellows Pediatric Research Society, was attending a convention of the organization in Chicago.

Growing children, he said, require at least six pairs of shoes a year and to deny them is just as bad as the old Chinese custom of foot binding.

Little hope was held out that a general back-to-work movement would develop among striking coal miners in Alabama today, the deadline fixed by the War Labor Board for ending the wildcat stoppages in that state.

While more than 1,000 strikers at the Republic Steel Corporation's two Sayreton mines have voted to return to work, no action was taken on the WLB order by an estimated 20,000 other idle diggers in the Alabama fields.

The unauthorized strikes that followed the return of the government-controlled mines to their owners more than two weeks ago now has spread to seven states. At least 35,000 miners were idle in Alabama, Kentucky, Arkansas, Indiana, Pennsylvania, Ohio and Illinois.

All miners are members of the United Mine Workers of America. Some union leaders claimed the strikes were caused by the failure of the mine operators to negotiate a contract with the union. Others blamed the strikes on local issues while those in Arkansas were said to be in sympathy with the Alabama diggers.

Up To Roosevelt

In its ultimatum to the Alabama strikers, the WLB served notice their case would be certified to President Roosevelt if they failed to return to their jobs today. Such action, it was believed, might result in government seizure of the Alabama mines and a reclassification of the draft status of the strikers.

War production authorities estimated that 50,000 tons of coal were lost daily to the war effort in Alabama alone since the strikes began. Eight blast furnaces producing 6,800 tons of pig iron daily have been banked as well as 12 steel furnaces.

Tom Raney, member of the UMWA board, announced that all coal mines in the Big Sandy field of northeastern Kentucky would resume operation today.

A few of the 1,700 miners who walked out in two Ohio coal mines, likewise returned to their jobs.

MILITARY DOGS NOW LIMITED TO 18 BREEDS

NEW YORK, Oct. 25—The number of dog breeds acceptable for service in the K-9 corps has been reduced to 18 today according to an announcement by Dogs for Defense, Inc.

"Chows have been found to be unreliable," Mrs. Charles Baier of Madison, N. J., director of the agency for the state of New Jersey, said in explaining the new rules for military dogs.

"Setters are out because they have been bred for bird dogs too consistently and even after army training still go after birds. Great Danes are too big to handle."

Thoroughbred collies also are barred from future military activity, Mrs. Baier said apparently because "they have the brains bred out of them." She added that the Briard, a French sheepdog had been eliminated as "too dumb" for army duty.

NAZIS REEL DISASTER FACES THEM AT KIEV AND IN THE SOUTH

THE SOVIET radio reports that Russian troops are dislodging the Nazis from town after town in their march on Kiev, capital of the wheat-rich Ukraine. Another Red army has knifed its way to within 28 miles west of Gomel, capturing six strongholds and killing 3,000 Nazi troops. (International)

THE Germans frantically hurried masses of reserves from the Crimea into the battle for Melitopol without avail. The city's capture by the Russians now endangers 500,000 Nazi troops in the Dnieper bend.

"BIG FIVE" TO VOTE ON STRIKE

Rail Union - Chieftains Planning For Poll Of 350,000 Members

CHICAGO, Oct. 25—General chairman of the "Big Five" operating railroad brotherhoods reconvened today following approval of a strike vote and a decision to set up machinery for polling their 350,000 members.

Highlight of yesterday's conference in Chicago was the action of the Brotherhood of Railroad Trainmen in approving demands for sweeping revisions of working rules which the brotherhood said would discourage waste and hoarding of manpower and widen the system of incentive pay on the nation's railroads.

The brotherhood's chairman, representing 200,000 workers, voted unanimously to submit the question of rule changes to a referendum of the membership. The changes would authorize the Brotherhood's president and wage committee to make demands on the carriers and empower the bargaining officers to call a strike to enforce the demands.

This action, without precedent since the passage of the railway labor act, would join the new issue of rules with that of wages on which the trainmen and the four other brotherhoods in the "Big Five" already have acted.

In deciding to poll their membership in a strike vote, the Brotherhoods rejected the 4-cents (Continued on Page Two)

PRESIDENT BETTER

WASHINGTON, Oct. 25—President Roosevelt was steadily improving today from a slight attack of gripe which caused him to cancel all appointments since last Friday and confined him to bed for two days. Admiral Ross McIntyre, White House physician, reported this morning the President now has less than a degree of temperature and is "still a little achy" but is expected to be out of bed and in his study this afternoon.

WEDGE DRIVEN INTO NAZI LINE AT SPARANISE

High Ground Dominating Rail Line, Highway To Rome Captured

BRITISH MOVING AHEAD

Soviet Big Guns Shelling Krivoi Rog—MacArthur's Forces Pound Japs

By International News Service
American forces of the Fifth Army in Italy today had seized a stretch of three miles of high ground which dominates the railroad and highway from Capua to Rome.

By seizing the small town of Sparanise, Lieut. Gen. Mark Clark's men plunged a wedge into the Nazi line and are in position to outflank German forces holding a canal north of the mouth of the Volturno river on the Tyrrhenian coast.

British troops of the Fifth Army, according to an announcement from Gen. Dwight Eisenhower's headquarters, are slowly forcing forward in a frontal push against the Nazis' Massico ridge line, on the west Italian coast.

On the Adriatic coast, Gen. Montgomery's veteran Eighth Army has improved its bridgeheads across the river Trigno and is progressing along its whole front.

Reich Plastered

The Reich itself took a pre-dawn plastering from British Mosquito bombers, which attacked targets in the Ruhr and the Rhineland. The attacks on western Germany came on the heels of raids by Allied heavy bombers in southern Austria on Sunday. Allied headquarters in Algiers said Tirana, capital of Albania, was also included as a target.

ALGIERS, Oct. 25—An attack by American Flying Fortresses and Liberators on targets in southern Austria was announced today.

Although no details of the raid or its results were given in the official communiqué—other than that the bombers were from North African bases and that heavy clouds made observation of results difficult—Axis radio reports provided additional information.

The Axis broadcasters said the principal target was Styria, called "the Ruhr of Austria." Axis reports said Danube valley points in Hungary also were attacked, but no mention of this was contained in the Allied announcement. The enemy broadcasts claimed 300 American bombers escorted by 200 long-range fighters carried out the raid.

Vital Area Blasted

The attack on the southern Austrian industrial region, jam-packed with mines, factories and railways, occurred Sunday.

Over the week-end the North Africa air forces had a busy time, striking at a dozen different targets in Italy, Tirana, capital of Albania, was attacked twice—Sunday by Mitchell medium bombers and Saturday by long-range fighters—the deadly, twin-engined, twin-fuselage Lightnings.

Fifteen enemy planes were downed over the week-end, and pilots reported Luftwaffe resistance appeared to be increasing as (Continued on Page Two)

YOUNGSTERS TO BE CRIPPLED BY SHOE RATIONING

CHICAGO, Oct. 25—If children are prevented from getting more than two pairs of shoes a year under the rationing system, the youngsters will have partially crippled feet within 10 years, Dr. Harlow C. Stahl of Youngstown, O., said today.

Dr. Stahl, president of the Fellows Pediatric Research Society, was attending a convention of the organization in Chicago.

Growing children, he said, require at least six pairs of shoes a year and to deny them is just as bad as the old Chinese custom of foot binding.

What You Buy With WAR BONDS

The Cruisers Fight

Fighting the Jap in the thousand-island studied Pacific and fighting the Nazi submarine in the Battle of the Atlantic is a job for which the United States cruisers are well equipped. American cruiser strength has grown greatly since Pearl Harbor and is fast attaining superiority in both oceans.

Our cruisers sacrifice some armor to attain speed against hit and run tactics. To buy more War Bonds we may have to sacrifice some luxuries and pleasures and guarantee our own future security. Figure it out yourself.

and Toronto police in locating him. It was believed that he had returned to the Canadian city. Meanwhile, detectives questioned many cafe-society figures mentioned in a diary found in Mrs. Loneragan's apartment. The granddaughter of Max Bernheimer, brewery baron who left a \$4,000,000 estate, she had been separated from her husband for some time.

Police attached considerable importance to the diary, found in the pretty brunette's bedroom. The memory book was said to contain the names of several men who were her dinner companions at fashionable Manhattan cafes.

The slaying was discovered last night when Capt. Peter Elser of the Marine Corps, a former Harvard football star, called to keep a dinner appointment. He summoned police.

Body Found

The governess, Miss Elizabeth Black, admitted Elser to the apartment and after a long wait both went to Mrs. Loneragan's room, at the rear of the third floor, and knocked on the door.

When there was no answer, police were told, Elser broke down the door, which was locked. The key lay on the floor. Mrs. Loneragan's body lay sprawled across the bed, the covers of which had not been turned down. Her head bore several wounds. One of a pair of metal and china bed-lamps lay on the floor beside the bed. The other was found under the bed.

A mink jacket, nylon stockings and other clothing were on a bench nearby.

Two of the three windows in the murder bedroom were locked, but the third was open, police said. Police added that robbery was not the motive for the crime apparently as considerable jewelry on the dressing table had not been touched.

Last Seen Alive

Mrs. Loneragan was last seen alive at 7 p. m. Saturday when she left the apartment to keep an engagement, police were told.

Elser went to a police station for questioning while detectives quizzed the governess in the apartment. Later another woman arrived at the apartment. Police said she was Mrs. Loneragan's mother.

Her mother is Mrs. Lucile Wolfe Burton, widow of the Brewery magnate's artist son, William Burton who was known as one of the world's leading "playboys" of two decades ago. "Billy" Burton changed his name from Berthier to Burton in 1917.

"Patsy" inherited a considerable fortune from her father. She was educated in England and at Miss Nixon's school in Florence, Italy. She was about to make her debut in New York society when she eloped in 1941 to Las Vegas, N. M., to marry Loneragan. Mrs. Burton opposed the marriage, it was said, hoping that her daughter would postpone the event until she had

37 COUNTIES NOW ENROLLED AT OHIO STATE

Thirty-seven Pickaway counties are enrolled in Ohio State university's Autumn quarter, all 88 counties in Ohio being represented.

WIFE ASKS DIVORCE

Dorothy Winfough Myers of Circleville filed suit for divorce Monday from Robert Myers, a member of the U. S. army, charging gross neglect of duty. Mrs. Myers' petition says the couple were married in Columbus on December 20, 1941, and has no children. She says that she accompanied her husband to Camp Pickett, Va., in July but that because of his treatment returned home September 1. In addition to divorce, Mrs. Myers asks that her maiden name of Winfough be restored.

SIMBA MISSING FROM CIRCLEVILLE HAUNTS

Simba, big dog belonging to Mrs. Hildeburn Jones, East Mound street, is missing, and Mrs. Jones is asking residents of the city to keep a lookout for him. Simba is one of Circleville's most familiar "personages", the dog spending much time on Circleville streets. He will be 10 years old Armistice Day.

Mrs. Jones let him out Saturday morning and he has not returned. Simba usually returns home after a sojourn in the business district. Mrs. Jones fears someone might have looked up the pet. He was reported seen Sunday morning in Circleville so her fears that he might have been picked up and taken out of town have been lessened.

Police have been asked to watch for the dog.

Assistant Medical Examiner Milton Halperin estimated that Mrs. Loneragan had been dead about 12 hours when he examined her body at 10 p. m. last night. This would place the time of her murder around 10 a. m. yesterday.

Police technicians, photographers and fingerprint experts were aided in combing the triplex apartment, which Mrs. Loneragan rented for \$250 a month, by the new mobile crime laboratory of the department.

AUTO NOT STOLEN, JUST "MISLAD" BY OWNER

A. W. Baxter, 401 South Washington street, forgot where he had parked his automobile Saturday, so he had police and state highway patrol on the alert for what he thought was a stolen car. Baxter reported to police that his Ford coupe, containing \$200 worth of furnace parts, was missing. After the report had been broadcast on the patrol radio, Mr. Baxter remembered that he had not looked in the proper place for the vehicle. He told police that he found the machine just where he had left it.

nut township, was hurt painfully Saturday when the auto in which he was riding with his brother, Lloyd, 19, crashed into a utility pole in Walnut township in front of the Cliff Pontius farm. Young Hettinger has deep cuts on his face and he is also suffering from head injuries. Dr. Lloyd Jones, who treated him at his home, said he was thrown through the windshield when the car hit the pole.

Goes Into Ditch

Sheriff Charles Radcliffe said the accident happened when Lloyd Hettinger tried to pass a corn picker being driven from the Glenn Hay farm to another Walnut township farm. The youth drove to the left side of the road onto the berm in an effort to pass the farm implement, but went too far, the left wheels going into a ditch. The car hit the pole before the youth could drive it out of the ditch.

Both Hettinger youths were enroute to the Wright Noecker farm to work when the accident happened.

Alva Frazier, 20, of Laurelvale Route 3, escaped serious injury Saturday at 3:30 p. m. when his car failed to make a curve just north of Adelphi, crashed through a fence and went down a hillside 100 feet into a ravine.

Sheriff Radcliffe said the youth was apparently traveling at high speed down the hill which leads from Adelphi to Route 56 when the car went through the fence on the Harold Strous property. Young Frazier was removed from the car by passersby and was able to walk up the hill to a sister's home in Adelphi.

The youth suffered from bruises and some shock, the sheriff said, but otherwise seemed to be all right.

Eight Injured

Eight persons in the automobile of Millard F. Hart, 52, of Lockbourne Route 1, were cut and bruised but none seriously Saturday at 8:15 p. m. when the Hart car was struck from the rear of a big Allier and Sharp trailer-tractor outfit. The accident happened in South Bloomfield just north of the Ashville road.

Deputy Sheriff Vern Pontious, who investigated with Highway Patrolmen Slattery and Mobley, said the tractor-trailer was driven by Arthur J. Hanawalt, Kenworth road, Columbus. Both vehicles were headed north.

Pontious said Hanawalt told him Hart was driving near the center line and started to turn left then swung toward the right curb. Hart said he was slowing down to pull to the right curb when the collision happened.

In the Hart car were the driver; his wife, Ora, 33, and their two children, Jessie, 15, and Mary, 5, the latter suffering a head injury, and Richard, Gerald, Roger and Dale Burris, neighbor children, whose ages ranged from 13 to 7.

All persons in the car were given medical treatment by Dr. L. C. Schiff, Ashville, at the home of Lawrence Airdge nearby.

RUSS BELIEVED TOLD ASSAULT TO BE DELAYED

Reds Back Demand For All-Out Allied Drive To Shorten War

(Continued from Page One) be to eliminate the time weapon in the hands of the Nazis by moving without further delay to inflict a decisive defeat.

Molotov is seen as having stressed the Soviet view that the military and political situation in Europe is extremely favorable to the Allies, and that failure to take advantage of the favorable opportunities will mean unnecessary prolonging of the war.

In reply, Hull and Eden are believed to have explained that the decision at the Quebec conference in August called for the opening of the second front at the earliest possible time that the United States and Great Britain could get ready to launch the invasion with a reasonable hope of success.

Difficult Task

The American and British foreign ministers further are believed to have called attention to the difficult task which the Anglo-American forces had in getting a foothold at Salerno in the first week of the operations there. It is considered likely Hull and Eden pointed out a similar invasion in western Europe on a far greater scale before a complete preparation had been made might end in disaster, thus robbing the Allies of a decisive victory and enabling the Germans to achieve a stalemate. At this point, the American and British military advisers are believed to have explained to the Russians the difficulties of amphibious warfare.

It is thought Molotov countered with the argument that Germany's position is weaker than Washington and London realize. He also is believed to have expressed the view that the swiftness of the Soviet advance should enable the timetable of the Quebec strategy to be advanced.

Diplomatic Washington thinks Hull and Eden replied that their instructions were to state the Quebec decision still stands, but that they would report Molotov's views back to President Roosevelt and Prime Minister Winston Churchill.

It is believed the conference now is entering the political phase of the war and postwar problems, especially the treatment to be accorded a defeated Germany.

CHETNIKS AID GERMANS, SAYS GENERAL TITO

LONDON, Oct. 25.—Gen. Tito's Yugoslav Partisan army headquarters reported today that units of Gen. Draja Mihailovitch's Chetniks, fighting at the side of the Germans, are locked in a "bitter" battle with Partisan guerrilla troops.

Renewal of inter-factional warfare in Yugoslavia was reported in a communique broadcast by the "Free Yugoslav Radio," operated by Tito's Partisan forces.

The communique said "bitter fighting" is raging between the Partisan and Chetnik-German forces near Matecevo, in the Mont Cakora area.

Elsewhere in Yugoslavia, the communique reported the capture of Ivanic, in the Zagorje district near the Croat puppet capital of Zagreb.

In Bosnia, two miles of railroad track between Doboj and Maglaj were cut after a clash with German troops in which four Nazi tanks were smashed.

The railway station at Kapelna, in Slovenia, was destroyed by another Partisan unit, said the communique, announcing that two trains of 50 cars were derailed and 52 German soldiers captured.

West of Ljubljana near the Kupa river town of Brod, 70 German troops were killed, and fighting now is raging near Verde Borovcina, Tito's headquarters said.

About 40 percent of British war production is reported to come "from small workshops."

Original demands of the brotherhoods called for a 30 percent increase. With all major railroads involved and each local unit on all roads to be polled, the strike vote will take about 30 days to complete. Even if the strike is approved by the membership, machinery under the railway labor act would delay considerably a walkout by the brotherhoods.

In Washington last week, the 15 non-operating railroad unions, which also are seeking a wage increase, withheld action, presumably awaiting the outcome of the Chicago conference.

Rule changes recommended by the chairman of the trainmen's Brotherhood call for two weeks vacation with pay, expense at away-from-home terminal, train limit rule, revision of the held-away-from-home terminal rule, change in basis of passenger day (conductors and trainmen) from 150 miles to 100 miles, and time and one-half pay for overtime in passenger service.

Other demands call for elimination of the 8-within-10 hour passenger rule, establishment of a uniform automatic release rule on arrival at terminals, that all men employed in yard service working two shifts within a 24-hour period be paid at rate of time and one-half for the second shift including hostlers and hostler helpers and pay for initial and final terminal delay time.

and Toronto police in locating him. It was believed that he had returned to the Canadian city.

Meanwhile, detectives questioned many cafe-society figures mentioned in a diary found in Mrs. Loneragan's apartment. The grand daughter of Max Bernheimer, brewery baron who left a \$4,000,000 estate, she had been separated from her husband for some time.

Police attached considerable importance to the diary, found in the pretty brunette's bedroom. The memory book was said to contain the names of several men who were her dinner companions at fashionable Manhattan cafes.

The playing was discovered last night when Capt. Peter Elser of the Marine Corps, a former Harvard football star, called to keep a dinner appointment. He summoned police.

Body Found

The governess, Miss Elizabeth Black, admitted Elser to the apartment and after a long wait both went to Mrs. Loneragan's room, at the rear of the third floor, and knocked on the door.

When there was no answer, police were told, Elser broke down the door, which was locked. The key lay on the floor.

Mrs. Loneragan's body lay sprawled across the bed, the covers of which had not been turned down. Her head bore several wounds. One of a pair of metal and china bed-lamps lay on the floor beside the bed. The other was found under the bed.

A mink jacket, nylon stockings and other clothing were on a bench nearby.

Two of the three windows in the murder bedroom were locked, but the third was open, police said. Police added that robbery was not the motive for the crime apparently as considerable jewelry on the dressing table had not been touched.

Last Seen Alive

Mrs. Loneragan was last seen alive at 7 p. m. Saturday when she left the apartment to keep an engagement, police were told.

Elser went to a police station for questioning while detectives quizzed the governess in the apartment. Later another woman arrived at the apartment. Police said she was Mrs. Loneragan's mother.

Her mother is Mrs. Lucile Wolfe Burton, widow of the Brewery magnate's artist son, William Burton who was known as one of the world's leading "playboys" of two decades ago. "Billy" Burton changed his name from Bernheimer to Burton in 1917.

"Patsy" inherited a considerable fortune from her father. She was educated in England and at Miss Nixon's school in Florence, Italy. She was about to make her debut in New York society when she eloped in 1941 to Las Vegas, N. M., to marry Loneragan. Mrs. Burton opposed the marriage, it was said, hoping that her daughter would postpone the event until she had

37 COUNTIANS NOW ENROLLED AT OHIO STATE

Thirty-seven Pickaway countians are enrolled in Ohio State university's Autumn quarter, all 88 counties in Ohio being represented.

Of the total, 16 are from Circleville and eight from Ashville.

The students listed include: Circleville: Margaret K. Boggs, Joan Bowers, Robert L. Brehmer, Jr., Marilyn Campbell, Joan L. Downing, Mary V. Fickard, Pollyanna Friedman, Martha Hulise, Marilyn Lutz, Ada I. May, James K. Reichelderfer, Frederick C. Schaeffer, Mary A. Snider, Harry F. Swearingen, Eugene R. Weaver and David L. Yates.

WIFE ASKS DIVORCE

Dorothy Winfough Myers of Circleville filed suit for divorce Monday from Robert Myers, a member of the U. S. army, charging gross neglect of duty. Mrs. Myers' petition says the couple was married in Columbus on December 20, 1941, and has no children. She says that because of his treatment returned home September 1. In addition to divorce, Mrs. Myers asks that her maiden name of Winfough be restored.

SIMBA MISSING FROM CIRCLEVILLE HAUNTS

Simba, big dog belonging to Mrs. Hildeburn Jones, East Mound street, is missing, and Mrs. Jones is asking residents of the city to keep a lookout for him. Simba is one of Circleville's most familiar "personages", the dog spending much time on Circleville streets. He will be 10 years old Armistice Day.

Mrs. Jones let him out Saturday morning and he has not returned. Simba usually returns home after a sojourn in the business district.

Mrs. Jones fears someone might have locked up the pet. He was reported seen Sunday morning in Circleville so her fears that he might have been picked up and taken out of town have been lessened.

Police have been asked to watch for the dog.

Police revealed that Mrs. Loneragan dined with Mario Gambelline Saturday night and made a round of restaurants and night clubs until 4:30 a. m.

Assistant Medical Examiner Milton Halperin estimated that Mrs. Loneragan had been dead about 12 hours when he examined her body at 10 p. m. last night. This would place the time of her murder around 10 a. m. yesterday.

Police technicians, photographers and fingerprint experts were aided in combing the triplex apartment, which Mrs. Loneragan rented for \$250 a month, by the new mobile crime laboratory of the department.

AUTO NOT STOLEN, JUST "MISLAID" BY OWNER

A. W. Baxter, 401 South Washington street, forgot where he had parked his automobile Saturday, so he had police and state highway patrol on the alert for what he thought was a stolen car. Baxter reported to police that his Ford coupe, containing \$200 worth of furnace parts, was missing. After the report had been broadcast on the patrol radio, Mr. Baxter remembered that he had not looked in the proper place for the vehicle. He told police that he found the machine just where he had left it.

nut township, was hurt painfully Saturday when the auto in which he was riding with his brother, Lloyd, 19, crashed into a utility pole in Walnut township in front of the Cliff Pontius farm. Young Hettinger has deep cuts on his face and he is also suffering from head injuries. Dr. Lloyd Jones, who treated him at his home, said he was thrown through the windshield when the car hit the pole.

Goes Into Ditch

Sheriff Charles Radcliffe said the accident happened when Lloyd Hettinger tried to pass a corn picker being driven from the Glenn Hay farm to another Walnut township farm. The youth drove to the left side of the road onto the berm in an effort to pass the farm implement, but went too far, the left wheels going into a ditch. The car hit the pole before the youth could drive it out of the ditch.

Both Hettinger youths were enroute to the Wright Noecker farm to work when the accident happened.

Alva Frazier, 20, of Laureville Route 3, escaped serious injury Saturday at 3:30 p. m. when his car failed to make a curve just north of Adelphi, crashed through a fence and went down a hillside 100 feet into a ravine.

Sheriff Radcliffe said the youth was apparently traveling at high speed down the hill which leads from Adelphi to Route 56 when the car went through the fence on the Harold Strous property. Young Frazier was removed from the car by passersby and was able to walk up the hill to a sister's home in Adelphi.

The youth suffered from bruises and some shock, the sheriff said, but otherwise seemed to be all right.

Eight Injured

Eight persons in the automobile of Millard F. Hart, 52, of Lockbourne Route 1, were cut and bruised but none seriously Saturday at 8:15 p. m. when the Hart car was struck from the rear of a big Allier and Sharp trailer-tractor outfit. The accident happened in South Bloomfield just north of the Ashville road.

Deputy Sheriff Vern Pontious, who investigated with Highway Patrolmen Slattery and Mobley, said the tractor-trailer was driven by Arthur J. Hanawalt, Lockbourne, Columbus. Both vehicles were headed north.

Pontious said Hanawalt told him Hart was driving near the center line and started to turn left then swung toward the right curb. Hart said he was slowing down to pull to the right curb when the collision happened.

In the Hart car were the driver, his wife, Ora, 33, and their two children, Jessie, 15, and Mary, 5, the latter suffering a head injury, and Richard, Gerald, Roger and Dale Burris, neighbor children, whose ages ranged from 13 to 7.

All persons in the car were given medical treatment by Dr. L. C. Schiff, Ashville, at the home of Lawrence Arledge nearby.

CHETNIKS AID GERMANS, SAYS GENERAL TITO

LONDON, Oct. 25.—Gen. Tito's Yugoslav Partisan army headquarters reported today that units of Gen. Draja Mihailovitch's Chetniks, fighting at the side of the Germans, are locked in a "bitter" battle with Partisan guerrilla troops.

Renewal of inter-factional warfare in Yugoslavia was reported in a communique broadcast by the "Free Yugoslav Radio," operated by Tito's Partisan forces.

The communique said "bitter fighting" is raging between the Partisan and Chetnik-German forces near Matecevo, in the Mont. Cakor area.

Elsewhere in Yugoslavia, the communique reported the capture of Ivanic, in the Zagorje district near the Croat puppet capital of Zagreb.

In Bosnia, two miles of railroad track between Doboj and Maglaj were cut after a clash with German troops in which four Nazi tanks were smashed.

The railway station at Kapelina, in Slovenia, was destroyed by another Partisan unit, said the communique, announcing that two trains of 50 cars were derailed and 52 German soldiers captured.

West of Ljubljana near the Kupa river town of Brod, 70 German troops were killed, and fighting now is raging near Verde Borovcina, Tito's headquarters said.

About 40 percent of British war production is reported to come "from small workshops."

he to eliminate the time weapon in the hands of the Nazis by moving without further delay to inflict a decisive defeat.

Molotov is seen as having stressed the Soviet view that the military and political situation in Europe is extremely favorable to the Allies, and that failure to take advantage of the favorable opportunities will mean unnecessary prolonging of the war.

In reply, Hull and Eden are believed to have explained that the decision at the Quebec conference in August called for the opening of the second front at the earliest possible time that the United States and Great Britain could get ready to launch the invasion with a reasonable hope of success.

Difficult Task

The American and British foreign ministers further are believed to have called attention to the difficult task which the Anglo-American forces had in getting a foothold at Salerno in the first week of the operations there. It is considered likely Hull and Eden pointed out a similar invasion in western Europe on a far greater scale before a complete preparation had been made might end in disaster, thus robbing the Allies of a decisive victory and enabling the Germans to achieve a stalemate. At this point, the American and British military advisers are believed to have explained to the Russians the difficulties of amphibious warfare.

It is thought Molotov countered with the argument that Germany's position is weaker than Washington and London realize. He also is believed to have expressed the view that the swiftness of the Soviet advance should enable the timetable of the Quebec strategy to be advanced.

Diplomatic Washington thinks Hull and Eden replied that their instructions were to state the Quebec decision still stands, but that they would report Molotov's views back to President Roosevelt and Prime Minister Winston Churchill.

It is believed the conference now is entering the political phase of the war and postwar problems, especially the treatment to be accorded a defeated Germany.

an-hour wage increase granted them in September and recommended October 16 by Fred M. Vinson, director of economic stabilization. The wage increase goes into effect today.

Original demands of the brotherhoods called for a 30 percent increase.

With all major railroads involved and each local unit on all roads to be polled, the strike vote will take about 30 days to complete. Even if the strike is approved by the membership, machinery under the railway labor act would delay considerably a walkout by the brotherhoods.

In Washington last week, the 15 non-operating railroad unions, which also are seeking a wage increase, withheld action, presumably awaiting the outcome of the Chicago conference.

Rule changes recommended by the chairmen of the trainmen's Brotherhood call for two weeks vacation with pay, expense at away-from-home terminal, train limit rule, revision of the held-away-from-home terminal rule, change in basis of passenger day (conductors and trainmen) from 150 miles to 100 miles, and time and one-half pay for overtime in passenger service.

Other demands call for elimination of the 8-within-10 hour passenger rule, establishment of a uniform automatic release rule on arrival at terminals, that all men employed in yard service working two shifts within a 24-hour period be paid at rate of time and one-half for the second shift including hostlers and hostler helpers and pay for initial and final terminal delay time.

BOWLES NAMED TO OPA POST LEFT BY BROWN

WASHINGTON, Oct. 25.—President Roosevelt today named Chester Bowles to succeed Prentiss Brown as administrator of the Office of Price Administration.

Brown resigned last week. Bowles had been general manager of OPA.

Bowles' nomination to succeed Brown was sent to the senate today. Bowles had been Brown's No. 1 assistant and has been virtually running the OPA in recent months while Brown was preparing for his retirement to return to private life.

How many boys from PICKAWAY COUNTY won't come back?

NOBODY knows the exact number. Nobody. But—

The number who do come back—on their own two feet instead of in a flag-draped box—will be in *exact proportion* to the job we do here at home.

For every minute that *we* can help shorten the war will mean *more* lives saved. (213 Americans were killed in the final day of the last war, and 1,114 were wounded before the 11:00 o'clock Armistice took effect.)

Now one way all of us can help shorten the war is to tighten our belts and buy more War Bonds. Yes, *still* more. And . . .

If you think you're buying all the War Bonds you are able to, imagine—for a minute—that it's after the war . . .

. . . you're standing at the station . . . a bunch of home-town boys, still in uniform, climb off the train . . . one of them kisses his wife and grabs his kid in his arms . . .

. . . and then he turns to a young woman beside them, a girl who looks like his wife's sister, and you overhear him say . . .

"Catherine, I don't know how to tell you how sorry I am . . . it's such a shame about Joe . . . it makes me sick all over when I think how he'd be here today if the war had only ended a week sooner."

Think it over. Can't you buy a few more War Bonds to help end the war that week or month sooner? Sure, it may mean giving up something, but what's that compared to what *they're* giving up?

And remember, always—the money you "can't spare" may spare a soldier's life!

PLENTY OF FOOD

IOWA is said to be "fearing a boom in farm lands." That is a novel way of putting it. The usual attitude of an American state or county or city is to hope for a boom. But maybe people are learning at last that a boom goes before a bust, and that average, even prosperity is better than wild real estate fluctuations.

Anyway, Iowa so far seems mainly concerned with getting in the largest corn crop in her history, and handling the largest hog population, and pocketing the largest farm income. A land boom may come later; but for the present, it is enough for the natives to enjoy their astonishing recovery and to know that their real estate is recovering handsomely. With farm income twice what it was two years ago, Iowa is sitting pretty and smiling from ear to ear.

And it isn't only Iowa. Her neighbors, too, are in luck. It is estimated that with Iowa producing 20 percent of the nation's corn, Illinois, Minnesota, Nebraska and Missouri will raise the output to one-half of the corn in the entire country.

Obviously there will be plenty of food for hogs. That means plenty of hams and bacon for the nation, with a good deal left over for the outer world. Never was there a more timely harvest.

COURTESY

FAMILY Post is tired of having salespeople tell her in a rude tone of voice that there's a war on. Everyone is more than a little tired of that phrase. Everyone now knows there is a war. Almost everyone is helping in some capacity. When anyone asks for a thing which a store no longer has to sell, the salesperson would be better liked if he said quietly that he was sorry the store had none, and added, with equal quiet and courtesy, that they would be likely to have more later, or not, as the case might be. Customers aren't exactly born knowing what they can get today and what not. They have to ask. They willingly take something else if they are told how to make it do. Customers might be more mannerly, also.

A famous teacher used to tell his pupils: "Never be in too much of a hurry for the pleasant word. There is always time in life for courtesy." The elaborate and ceremonial manners of an earlier day are not in place. But the courteous word makes everyone's task easier. All of us need it—and need to give it.

Senators Find Plenty
On Tour of War Zones

Uncle Sam Must Learn
More About Team Work

By HELEN ESSARY
Central Press Columnist

WASHINGTON—If the United States is going to pitch in big league international politics, it is time it learned to play ball within its own country. This in simple Americana is the general opinion of the five United States senators who have just returned from an official tour of the war zones.

"This means," said Senator Ralph Brewster of Maine in talking about the 46,000-mile senatorial journey, "that we have got to learn team work. More than this, we've got to copy the superb team-work of the British. Everywhere we went we found the British agencies pulling together in harmony—for the British. Naturally, the British are pulling meanwhile for the United Nations. There is no doubt about that. There is also no doubt that the United States is scattering its resources and brains, and forgetting, sometimes, to which country it owes first allegiance."

Indeed, some of the foreign goings-on of the United States are so harebrained that the people whom this country most wants to help are suspicious of our purpose. This is another conclusion the visiting senators reached. Especially is true in Australia. There, when Senator Brewster and Senator James Mead held a press conference, they had to answer this question, "Has the United States imperialistic intentions? Does she wish, by chance, to acquire more territory over here? If she doesn't, why is she spending so much money outside of her own country?"

Our generosity, our determined Lady Bountiful attitude, is disturbing the governments of our Allies, who, in self-defense, sometimes try to minimize the U. S. aid, and to hint to their people that Americans are an unstable, changeable people.

A year ago, when most of the world was terrified of the Japs and

The WASHINGTON MERRY-GO-ROUND

By DREW PEARSON

G. O. P. CHEERS WILLKIE

WASHINGTON—If ever Wendell Willkie walked into a "lion's den," it was when he addressed 100 GOP congressmen the other night. The majority, including the 65 GOP "freshmen" who arranged the meeting, seethed with hostility. Not a few came with the intentions of jeering, but almost to a man, they stayed to cheer.

Willkie opened the off-the-record meeting by telling his listeners that a grass-roots canvass of the nation had convinced him he could have the Republican nomination again in 1944 if he wanted it. He stated this as a fact, with no seeming conceit, but with a disarming frankness that charmed the GOP politicos instead of antagonizing them.

"However, I will tell you very frankly," he continued, "unless the party has the kind of platform that will show we are conscious of the fact that the United States can no longer live as a nation isolated from the rest of the world, I will not accept the nomination."

He added that if he is to be the 1944 nominee, the platform must clearly call for U. S. collaboration with other nations to insure the future peace of the world. On domestic issues, he stated that there will be no return to reactionary, anti-labor policies of former GOP administrations if he is to lead the party.

"I understand there are a number of men here who want to ask me some embarrassing questions," Willkie declared after he had finished his opening statement. "Well, gentlemen, the only way you can embarrass me is by failing to ask those questions. I know what some of you have on your minds."

He then proceeded to inform his slightly baffled audience that certain members of the GOP Missouri delegation who were present had had several questions "planted" on them by Edgar Queeny, St. Louis munitions maker and a leading GOP financial "angel."

"PLANTED" QUESTION

"One of the questions Mr. Queeny has requested that I be asked is—Will I support whoever is nominated by the party, if I do not win myself?" Willkie asserted, glancing pugnaciously from right to left.

His listeners turned questioning eyes on the Missouri congressmen present, including the acting chairman of the meeting, Representative Wat Arnold, of Kirksville. Suddenly, freshman Congressman Louis E. Miller of St. Louis jumped to his feet.

"No one told me to ask you any questions," shouted Miller.

By this time the meeting was on the verge of an uproar, but Willkie, unruffled, turned to Representative Arnold.

"How about you, Mr. Arnold? Weren't you requested to ask me that question?"

"Yes, I'll have to admit that I was," replied Arnold with a sheepish grin.

There was a burst of laughter, but Willkie didn't join in it. In fighting tone, he continued: "Yes, and I can name some others here who were asked to put the same question to me. But I'll save you the trouble by answering it."

"My answer is—of course not. Of course, I will not support anyone who in my opinion isn't the right man to lead the Republican party. I would not support Col. McCormick of the Chicago Tribune, for instance, if he was nominated, or Repre-

Sensible Behavior A Duty in Wartime

By LOGAN CLENDENING, M.D.

colors to be spoiled. He is inclined to think he is quite a one with the ladies and take advantage and act as he would never act in normal times—in short like a dime novel villain. And there is a tendency for the girl who is one of the 20 girls in the block who hasn't got a fellow just at present to fall for his advances.

So I am addressing this to the ladies as a morale booster and suggest that they have just as much a duty to keep themselves wholesome and healthy as the boys at the front.

I have one or two particular instances in mind, of course, or I wouldn't be in such a super-moral mood.

Soldiers Behaved Well

First I have had an opportunity of being out with a bunch of soldiers from a nearby camp. Of course there may be other instances and maybe I just got in with the right crowd. But under some provocation to do otherwise I never saw a better behaved bunch of boys in my life. There was very little drinking and very little rough stuff and what there was was suppressed by other members of the party.

By a sort of mutual agreement they all went home early. One of them said to me—"We have to keep ourselves in good shape because nobody knows how soon or how long we will have to be members of the most superb army in the world and the one that polices the world."

The other instance is not so pleasant and I by no means believe that it is typical. She is a girl I have known a long time, married to a boy I have known a long time. They have one child. As soon as he was ordered away I would go over

to see how she was getting along, but I seldom found her at home. When I did talk to her there was something about her attitude I didn't like. She had become a chain cigarette smoker. She looked sallow and she acted flip. Then I began to hear about her—she was around the night spots. She knew the guys who had plenty of gasoline. Finally she managed to make the headlines in a particularly nasty night club brawl.

Health of American Women

Now, it is my old fashioned opinion that the women of the nation whether they are in uniform or not should take just as good care of their health and take just as regular exercise as the men in barracks.

We are all one country and we are all in this thing together and furthermore there was one gal named Molly Pitcher who did a little soldiering in her time. And another (an ancestor of mine, by the way) named Zane Grey. And still another (begging Mr. Churchill's pardon) who was solidly enough behind her husband for him to remember to say that if the English were not defeated Molly Stark would be a widow that night. I bet she wasn't in any hot spot chewing on the dregs of a highball when her husband said that.

That my particular instance was an exception is indicated in an official manner by the announcement of the Metropolitan Life Insurance Company that the American woman has never been in healthier condition than today. And this is due to her increased concern about problems which especially concern her, childbirth and its problems, tuberculosis, early examination for cancer, and in spite of all the critics you hear, the leading of a sane and healthy life.

ADAM WAS thinking things far more serious. Otto—sullen—never very friendly. And Mrs. Rottler, the pantry woman, helping her nephew buy a motor boat. Where did she ever get enough money for such a purpose? Could it be that Otto was helping—that he was in some strange way mixed up with sabotage? But no, he mustn't start thinking like that again. Things were running smoothly, and he must not begin imagining that every act around the factory was connected with sabotage. It was childish of him. He must forget such matters, at least for tonight. There was the dress rehearsal, and he wanted to do his best, since the play was written by his friend, Peter.

"Here's where we light!" he said, stopping the car in front of the schoolhouse. He helped Susan out and took her suitcase. "I'll carry it for you," he said. "Good luck! And don't squirm so when I make love to you."

"I'll try not to, Adam. But—" "At least you can be sure that Bill's not going to barge in tonight."

"Yes, I can be sure of that," said Susan. And she wanted to add, "But I can't be sure he's not making love to Alicia Carter."

Then she took her suitcase from Adam and hurried on to her dressing room. Adam went to the one he was to share with Jack Vinton. Jack was already there.

"Hi, there, leading man!" Jack greeted, shoving his naked legs into a pair of soiled slacks. "Do these look as though I'd worn them when mowing the lawn? That's what the script calls for."

"They look as though you'd rolled on the lawn in them," said Adam. He opened his suitcase and hung up the sports things and the tux. "Plenty of time," he said. "I don't want to get into those togas just yet."

There was a tap at the door. "Come in!" Adam called.

The door opened and Mrs. Platt entered. "Adam, have you seen

Brenda?" she asked, looking worried.

"Not since yesterday," Adam replied. "Why?"

"She hasn't shown up yet," said Mrs. Platt, "and she has the script. Good heavens, if she doesn't get here in time, and one of you forgets your lines, why—"

"Mr. North!" someone called from outside. "Mr. North, you're wanted on the telephone in the superintendent's office."

"Thanks," Adam replied. "Excuse me, you two!" he added, and hurried out. A moment later he picked up the receiver and said, "Hello! Adam North speaking."

"Adam, this is Brenda," said a voice at the other end of the line. "Get a doctor and get out here as quickly as you can. Hurry!"

"A doctor?" said Adam, startled. "Are you ill?"

"No, it's Zeb Rottler. He's been shot."

"Shot!" Adam exclaimed. "Good lord!"

"Hurry, please. I can't bring Zeb in, he's bleeding badly. I've already telephoned the police, and—"

"Police?"

"Do stop repeating everything. Adam," Brenda said impatiently. "Come on out—now."

"Coming!" Adam slammed up the receiver and ran back to the dressing room. "Hold the rehearsal," he said. "I have to leave—right away."

Mrs. Platt stared at him. "What is the matter, Adam? You're white as a sheet."

"Can't tell you now," Adam said, dashing out. "I'll see you later."

"Well, of all things!" Mrs. Platt gasped.

Jack reached for his hat. "I'm going, too!"

Mrs. Platt grabbed his arm. "You're doing no such thing!" she said, and held on to him like grim death.

And while they struggled, Adam leaped into his car and drove off. He picked up the nearest doctor and sped out toward the old Leigh place, where Brenda Leigh was bending over Zeb Rottler, trying to

staunch the flow of blood from a wound in his side. A pan of blood-stained water was beside her, and Aunt Mary Mosher, eyes wide with fear, stood by with fresh cloths.

"There, there, sonny," Brenda said gently. "The doctor'll be here soon, and then—"

"But the men—" Zeb said with effort, "they'll get to the factory. Please let me go. I got to warn everybody."

"I've already warned them," said Brenda. "Don't you worry, Zeb. Everything's going to be all right."

Zeb tried to smile. "They certainly went for me—when they found out I knew what they were up to," he said.

"Shh!" Brenda soothed. "Lie still now until the doctor comes." She cradled the boy's head in her arms, and there were tears in her eyes. "You're a brave, brave boy, Zeb."

It was thus that Adam found them when he and the doctor arrived. And as soon as Brenda saw the doctor working with Zeb, she pulled Adam into the next room.

"Those two men, Adam!" she said excitedly. "They're saboteurs. Zeb found out just now, and tried to get to town to warn you. And they shot him. He staggered here to get me to phone, and—now he may die."

"But where are they?" Adam demanded. "Where did Zeb leave them?"

"At the old Johnson farm," Brenda replied. "He surprised them when he had his boat out. They were working in the cellar of the house, with explosives. Zeb listened, and heard them planning to blow up the factory."

"Good lord!" Adam cried. "I have to get out there before they get away."

"The police are there by now," Brenda said. "I tried to get you at the factory and only got the superintendent. I told him about the men, and then called the police." She covered her face with her hands. "It's been like a nightmare, Adam."

As a general thing a girl does not accept a date with a man unless she has previously met him. In wartime, however, if a soldier brings a pal home with him from camp on leave, a girl—a pal of his girl's—may accept a "blind date" with the comrade to make a pleasant time all around.

PLENTY OF FOOD

IOWA is said to be "fearing a boom in farm lands." That is a novel way of putting it. The usual attitude of an American state or county or city is to hope for a boom. But maybe people are learning at last that a boom goes before a bust, and that average, even prosperity is better than wild real estate fluctuations.

Anyway, Iowa so far seems mainly concerned with getting in the largest corn crop in her history, and handling the largest hog population, and pocketing the largest farm income. A land boom may come later; but for the present, it is enough for the natives to enjoy their astonishing recovery and to know that their real estate is recovering handsomely. With farm income twice what it was two years ago, Iowa is sitting pretty and smiling from ear to ear.

And it isn't only Iowa. Her neighbors, too, are in luck. It is estimated that with Iowa producing 20 percent of the nation's corn, Illinois, Minnesota, Nebraska and Missouri will raise the output to one-half of the corn in the entire country.

Obviously there will be plenty of food for hogs. That means plenty of hams and bacon for the nation, with a good deal left over for the outer world. Never was there a more timely harvest.

COURTESY

EMILY Post is tired of having salespeople tell her in a rude tone of voice that there's a war on. Everyone is more than a little tired of that phrase. Everyone now knows there is a war. Almost everyone is helping in some capacity. When anyone asks for a thing which a store no longer has to sell, the salesperson would be better liked if he said quietly that he was sorry the store had none, and added, with equal quiet and courtesy, that they would be likely to have more later, or not, as the case might be. Customers aren't exactly born knowing what they can get today and what not. They have to ask. They willingly take something else if they are told how to make it do. Customers might be more mannerly, also.

A famous teacher used to tell his pupils: "Never be in too much of a hurry for the pleasant word. There is always time in life for courtesy." The elaborate and ceremonial manners of an earlier day are not in place. But the courteous word makes everyone's task easier. All of us need it—and need to give it.

Uncle Sam Must Learn
More About Team Work

By HELEN ESSARY
Central Press Columnist

WASHINGTON—If the United States is going to pitch in big league international politics, it is time it learned to play ball within its own country. This in simple Americana is the general opinion of the five United States senators who have just returned from an official tour of the war zones.

"This means," said Senator Ralph Brewster of Maine in talking about the 45,000-mile senatorial journey, "that we have got to learn team work. More than this, we've got to copy the superb team-work of the British. Everywhere we went we found the British agencies pulling together in harmony—for the British. Naturally, the British are pulling meanwhile for the United Nations. There is no doubt about that. There is also no doubt that the United States is scattering its resources and brains, and forgetting, sometimes, to which country it owes first allegiance."

Indeed, some of the foreign goings-on of the United States are so harebrained that the people whom this country most wants to help are suspicious of our purpose. This is another conclusion the visiting senators reached. Especially is this true in Australia. There, when Senator Brewster and Senator James Mead held a press conference, they had to answer this question, "Has the United States imperialistic intentions? Does she wish, by chance, to acquire more territory over here? If she doesn't, why is she spending so much money outside of her own country?"

Our generosity, our determined Lady Bountiful attitude, is disturbing the governments of our Allies, who, in self-defense, sometimes try to minimize the U. S. aid, and to hint to their people that Americans are an unstable, changeable people.

The WASHINGTON MERRY-GO-ROUND

BY DRE W PEARSON

G. O. P. CHEERS WILLKIE

WASHINGTON—If ever Wendell Willkie walked into a "lion's den," it was when he addressed 100 GOP congressmen the other night. The majority, including the 65 GOP "freshmen" who arranged the meeting, seethed with hostility. Not a few came with the intentions of jeering, but almost to a man, they stayed to cheer.

Willkie opened the off-the-record meeting by telling his listeners that a grass-roots canvass of the nation had convinced him he could have the Republican nomination again in 1944 if he wanted it. He stated this as a fact, with no seeming conceit, but with a disarming frankness that charmed the GOP politicos instead of antagonizing them.

"However, I will tell you very frankly," he continued, "unless the party has the kind of platform that will show we are conscious of the fact that the United States can no longer live as a nation isolated from the rest of the world, I will not accept the nomination."

He added that if he is to be the 1944 nominee, the platform must clearly call for U. S. collaboration with other nations to insure the future peace of the world. On domestic issues, he stated that there will be no return to reactionary, anti-labor policies of former GOP administrations if he is to lead the party.

"I understand there are a number of men here who want to ask me some embarrassing questions," Willkie declared after he had finished his opening statement. "Well, gentlemen, the only way you can embarrass me is by failing to ask those questions. I know what some of you have on your minds."

He then proceeded to inform his slightly baffled audience that certain members of the GOP Missouri delegation who were present had had several questions "planted" on them by Edgar Queeny, St. Louis munitions maker and a leading GOP financial "angel."

"PLANTED" QUESTION

"One of the questions Mr. Queeny has requested that I be asked is—Will I support whoever is nominated by the party, if I do not win myself?" Willkie asserted, glancing pugnaciously from right to left.

His listeners turned questioning eyes on the Missouri congressmen present, including the acting chairman of the meeting, Representative Wat Arnold, of Kirksville. Suddenly, freshman Congressman Louis E. Miller of St. Louis jumped to his feet.

"No one told me to ask you any questions," shouted Miller.

By this time the meeting was on the verge of an uproar, but Willkie, unruffled, turned to Representative Arnold.

"How about you, Mr. Arnold? Weren't you requested to ask me that question?"

"Yes, I'll have to admit that I was," replied Arnold with a sheepish grin.

There was a burst of laughter, but Willkie didn't join in it. In fighting tone, he continued: "Yes, and I can name some others here who were asked to put the same question to me. But I'll save you the trouble by answering it."

"My answer is—of course not. Of course, I will not support anyone who in my opinion isn't the right man to lead the Republican party. I would not support Col. McCormick of the Chicago Tribune, for instance, if he was nominated, or Representative (Continued on Page Eight)

BUY WAR BONDS

Nazis, our Allies were happy to accept our aid. Now, so the touring legislators report, many foreigners wish that we would proceed more cautiously with our plans for relief and rehabilitation in occupied and war-shocked countries.

One of the most important officials of a country recently freed from Axis control told the senators that he was frightened at the headlong rush of the United States to move in with help where help wasn't needed.

The lack of correct information abroad about America's part in the war is further evidence that this country is not pitching prudently in the big international league, Senator Brewster declares. "In Chungking, our embassy receives every morning from Reuters, the British news agency, a report that frequently overlooks the importance of some U. S. war effort. Three or four days later, the American news agencies produce their report. But who wants to read an old report? The situation got so bad in Chungking that the American embassy there protested to Anthony Eden about certain articles supplied by Reuters and published in Chinese papers. These articles were extremely embarrassing to the United States and very favorable to Britain. Eden said he was sorry but he couldn't interfere with 'the freedom of the press.'"

India is one country about which the American legislators have very definite ideas. "Leave India alone," they say. "It's a hot potato, England's hot potato, not ours."

They wonder, too, how it happens that the OWI has one hundred agents in India selling the Indian people on the American way of life. What right, asks Senator Brewster, have we to propagandize in India? We got pretty mad when a recent Russian ambassador propagandized in the United States?

Well, I have been trying to tell you some of the discoveries Senators Brewster, Russell, Lodge, Chandler and Mead made on their voyaging. It was a thrilling journey. It must be made a useful one.

I should like to have the American people know what the travelers learned. It is time indeed that we learned to pitch for America first in this country. It is not disloyal to the war effort to suggest this. Nor is it disloyal to say to congress, "You have the U. S. ball in your own hands in the international game. It's up to you to clear up the confusion and lack of teamwork reported by the representatives you sent abroad. You can't blame EVERYTHING on the president. Don't you hold the purse strings?"

"Shh!" Brenda soothed. "Lie still now until the doctor comes." She cradled the boy's head in her arms, and there were tears in her eyes. "You're a brave, brave boy, Zeb."

It was thus that Adam found them when he and the doctor arrived. And as soon as Brenda saw the doctor working with Zeb, she pulled Adam into the next room.

"Those two men, Adam!" she said excitedly. "They're saboteurs. Zeb found out just now, and tried to get to town to warn you. And they shot him. He staggered here to get me to phone, and—now he may die."

"But where are they?" Adam demanded. "Where did Zeb leave them?"

"At the old Johnson farm," Brenda replied. "He surprised them when he had his boat out. They were working in the cellar of the house, with explosives. Zeb listened, and heard them planning to blow up the factory."

"Good lord!" Adam cried. "I have to get out there before they get away."

"The police are there by now," Brenda said. "I tried to get you to the factory and only got the superintendent. I told him about the men, and then called the police." She covered her face with her hands. "It's been like a nightmare, Adam."

Hints on Etiquette

As a general thing a girl does not accept a date with a man unless she has previously met him. In wartime, however, if a soldier brings a pal home with him from camp on leave, a girl—a pal of his girl's—may accept a "blind date" with the comrade to make a pleasant time all around.

Words of Wisdom

Gentility is neither in birth, wealth, manner, nor fashion—but in the mind. A high sense of honor, a determination never to take a mean advantage of another, an adherence to the truth, delicacy, and politeness toward those with whom we have dealings, are its essential characteristics.

Today's Horoscope

In lovely old St. Paul Lutheran church where her great, great grandfather served as first minister more than one hundred years ago, Miss Doris Jeanne Noecker, daughter of Mr. and Mrs. Arthur Cecil Noecker of Circleville Route 3, and Lieutenant Charles H. Meyer, son of Mr. and Mrs. Charles W. Meyer of Cincinnati, exchanged their nuptial vows Saturday at 8:30 p. m. The double ring ceremony was performed by the Rev. Ernest H. E. Winterhoff and was preceded by a half hour of organ music by Mrs. Lester Fridley of Ashville. The bride was given in marriage by her father. The service was read by candle light before the altar banked with huckleberry foliage and ferns and highlighted with baskets of mammoth white chrysanthemums. Tapers burned in seven-branch candelabra on either side of the approach to the altar and single tapers tied with large white chiffon bows lighted the auditorium. For her wedding, the bride chose a period gown of white tulle with high neckline and fitted bodice. The full skirt swept into a long train. She carried a shower bouquet of white carnations centered with a white orchid. Her finger-tip veil of bridal illusion was held in place with a pleated frill and bow of seed pearls. Miss Helen Heffner of Ashville, maid of honor, Miss Dorothy Corday, Toledo, and Miss Agnes Zunic, Barbanton, bridesmaids, wore white frocks of identical styling. Made of sheer chiffon jersey, they had sweetheart necklines and fitted bodices. Miss Heffner carried two large bronze chrysanthemums in cascade arrangement tied with a large satin bow of the same shade. Bouquets of the bridesmaids were of maroon chrysanthemums with maroon satin bows. Charles M. Meyer was best man for his son. Richard and John Noecker, brothers of the bride, acted as the groomsmen. Mr. and Mrs. Noecker entertained 75 guests at a reception at their home immediately after the wedding service. Mrs. Noecker received in a dress of spice brown crepe. Her shoulder corsage was of matching chrysanthemums and carnations. Mrs. Meyer, mother of the bridegroom, wore blue crepe complemented with a corsage of pompons when she joined the bride party in the receiving line. Mrs. Gayle Wolf of North Pickaway street, Miss Elaine Walters of Marietta and Miss Francis Johnson of Columbus assisted in the dining room where refreshments were served from a beautifully decorated table. Among the many guests from a distance were Mr. and Mrs. Charles W. Meyer, Mr. and Mrs. C. V. Irish and Dorothy Ann Irish of Cincinnati; Miss Mary Ellen Bachman, Canal Winchester; Mr. and Mrs. Edison Wade, Mr. and Mrs. Harold Wade, Mt. Ben Lewis, Mrs. Mildard Grossman, Miss Marjorie Grossman, Miss Virginia Kuntz, Grove City, and Miss Mayme Lewis, Saginaw, Mich. When Lt. Meyer and his bride left for a short honeymoon trip, she wore a black crepe frock trimmed with gold nail heads and used black accessories. The orchid from her bridal bouquet was pinned at her shoulder. The former Miss Noecker attended Ohio State university and was a pledge of Phi Mu sorority. Lt. Meyer is a graduate of the University and is stationed at Fort Sill, Oklahoma, where the couple will live after the wedding trip.

LIFT CROP RESTRICTIONS
STATE COLLEGE, Pa. — All restrictions on crop production should be removed, in the opinion of Dean C. E. Ladd of the College of Agriculture at Cornell university. Ladd told a recent conference of farm leaders, grange officers and rural pastors at Pennsylvania State College that in wartime there are no surpluses and therefore no need for crop restrictions. The job of agriculture, he pointed out, is to produce as much food of diversified kinds as possible to feed our own people and our Allies.

NEWS OF OUR MEN and WOMEN IN UNIFORM

New address of Lieutenant William O. Pile of Circleville is 478th bomb squadron, 336th bombing group, MacDill field, Tampa, Fla. Pile has been training at Del Rio, Texas, on the Mexican border. He was recently at home on a leave.

Robert Greisheimer, Jr., returned to Great Lakes naval training station Sunday night at the conclusion of his "boot" leave. Greisheimer expects to be assigned to radio school.

Private First Class Francis E. Hinton, of Kingston, was recently graduated from the AAA technical school at Amarillo, Texas. He has since been assigned to the Kingman, Arizona, air field.

New address of Private Charles Huffer, Jr., ASN 35497251, is APO 758, care of postmaster, New York City. His birthday is December 15. Since young Huffer is overseas, mail should be addressed to him at an early date.

Mr. and Mrs. Harmon Enoch of Pickaway township received a card Friday from their son, Ned, who is a prisoner of war in Germany.

New recruits at the U. S. Naval Training station, Great Lakes, Ill., are two Circleville men. They are now receiving instruction in seamanship, military drill and naval procedure. On completing their recruit training, these men will be home on a nine-day leave. They are Hugh E. Archer, 34, 114 1/2 West Main street and Leroy M. Tope, 33, 620 South Pickaway street.

Bluejacket Richard Gale Binkley, 18, son of Mr. and Mrs. H. Richard Binkley, 444 East Union street, has successfully completed his final land phase of preliminary Navy training with his recent graduation from the service school for torpedomen, located at the U. S. Naval Training station, Great Lakes. Maintenance of a good scholastic record won him recognition as a "qualified striker" for an advanced rating in his specialty. Selected for this training on the basis of recruit training aptitude test scores, the newly graduated man has undergone several weeks of intensive study preparing for his new trade in the Navy. The bluejacket is now awaiting active duty orders to sea or to some naval shore station where further experience will make him eligible for petty officer rating.

Lieutenant (j. g.) David Goldschmidt, Atwater avenue, is home for a leave after completing his indoctrination work at Fort Schuyler, the Bronx, New York.

This year the Bureau of Reclamation power plants have more than doubled their 1942 production of electric power.

KINGSTON

The Ne Plus Ultra Sunday school class of the Methodist church, met on Tuesday evening in the parish hall. The president, Mrs. Elizabeth Bennett, presided and opened the meeting by all singing, "More Like the Master." Mrs. D. H. Dreisbach was in charge of the devotionals and offered prayer. The minutes of the last meeting were read and approved and followed with roll call by the secretary, Mrs. Clifford Roll. Thirty-two members and 15 visitors were present. During the business session the following Christmas card committee was appointed: Mrs. Russell Brooks, Mrs. Martha Minshall, Miss Mary Harpster, Mrs. Claude Ortman, Mrs. John Davis, Mrs. Reese Sibera and Mrs. D. H. Dreisbach. Those appointed on the nominating committee are: Mrs. Wallace Evans, Mrs. Clifford Roll, Mrs. Harley Davis, Mrs. Claude Reynolds and Mrs. Myrtle Routt. The following interesting program was presented by the chairman of the committee, Mrs. Forrest Kreisel: piano solo, "The Dancing Doll" by Martha Freshour; reading, "The Tomb of the Unknown Soldier," by Mrs. Charles Fox; two vocal selections, "Somewhere a Voice is Calling," and "Sunshine of Your Smile," were sung by Mrs. Hetzler, accompanied by Mrs. George Borders; "Current Events" were given by Mrs. A. D. Ellis; piano solo by Mrs. Wallace Evans; a group of readings by Mrs. Manning Jones. At the close of the meeting the following committee served refreshments consisting of Waldorf salad, doughnuts, crackers and coffee. Mrs. Forrest Kreisel, Mrs. Martha Minshall, Miss Katherine Brundige, Mrs. Carl Miller, Mrs. Rufus Kerns, Mrs. Harry Sims and Mrs. Will Evans.

Mrs. Will Evans was hostess to her Euchre club at her home on North Main street on Wednesday evening. Those present included: Mrs. Charles Miller, Mrs. Bessie Smith, Mrs. James Search, Sr., Mrs. Lem Rice, Mrs. Claude Reynolds, Mrs. Otto Davis, Mrs. M. H. Buchwalter, Mrs. J. C. Minor, Mrs. Russell Brooks, Mrs. Reese Sibera and Mrs. Burnett Newhouse. The hostess served refreshments consisting of Waldorf salad, cakes and coffee. Prizes for score awarded: Mrs. Miller, first; Mrs. Brooks, second, and Mrs. Sibera, third.

Ray Moody of West Palm Beach, Florida, visited on Thursday afternoon at the homes of Mrs. A. U. Brundige and Mr. and Mrs. Clinton Roby and daughter, Harriett Ann. Roby was called to the bedside of his mother, Mrs. Margaret Moody, in Chillicothe, who suffered a broken hip about 11 weeks ago.

GREATEST CENTER

By Jack Sords

HE IS RATED THE GREATEST CENTER IN GRID HISTORY

Injury-Ridden Ohioans Point Toward Indiana

COLUMBUS, Oct. 25 — Ohio State's youthful gridders today were slowly recovering, both physically and mentally, from the severe pounding they took Saturday from powerful Northwestern.

The Wildcats, paced by all-American Otto Graham, outweighed the Bucks at least six pounds per man and this weight advantage was instrumental in the Wildcats' 13-0 triumph.

Though the odds against them were heavy from the start, the Bucks made it a scrap all the way, even on the last play of the game when they almost scored. Paul Davis faded back to his own 35 and completed a beautiful pass to Cy Souders who was downed immediately on the Wildcat's 20-yard stripe.

Despite the loss, the fourth in five starts, most fans were amazed at the improvement the Bucks showed, since the 27-6 win over Missouri three weeks ago.

Gordon Appleby, the center from Massillon, Bobby McQuade, a Columbus product and Cecil Souders all played a part in a ball game which drew admiration from both Lynn Waldorf and Paul Brown.

"Souders played a great game and little Bobby McQuade, 150 pounds of fight—did everything he could. But against Northwestern's big boys he was just like a chip on the ocean," Brown said.

Columbus' Bill Willis, the big Negro tackle, also drew praise from Graham, the Wildcat's offensive star.

"Willis hits harder than he used to," Otto said. "He was there just about every time."

What concerned Brown more than anything else about the defeat was its cost in the physical condition of his team.

Dean Sensenbaurer, 18-year-old Uhrichsville freshman, banged the "charlie horse" which almost kept him from seeing action in Saturday's tussle.

Sensenbaurer took Northwestern's kickoff on the first play of the third period and was tackled.

THRONGS MARK PRO CONTESTS; BEARS ON TOP

By International News Service
The champion Washington Redskins, thanks to a last minute pass interception by Wilbur Moore, ruled the eastern division of the National Professional Football league today as the Chicago Bears set the pace in the western division. Both teams are undefeated in league play this season.

The Redskins eked out a 13 to 7 decision over the Chicago Cardinals at Washington yesterday while the Bears scored a 33 to 21 victory over the Brooklyn Dodgers at Chicago.

In other league games the Green Bay Packers routed the Detroit Lions, 27 to 6, at Detroit, and the New York Giants crushed the Phil-Pitt Eagles, 42 to 14, at New York.

A crowd of 35,540 fans at Washington saw Right Halfback Moore save the day for the Redskins in the fading moments of the game with the Cardinals. Moore intercepted Walter Masters' pass on the Redskins 10-yard line, dashed 48 yards upfield and ended the Cardinals hopes of tying the score.

The largest crowd of the day, 42,681, saw the Giants smother the Eagles at the Polo grounds. Another large crowd, 41,463 fans, saw the Packers take the air to rout the Lions at Detroit. Ned Mathews took a pass from Frank Sinkwich for the lone Detroit score in the first period. Lou Brock tallied twice for the Packers, and Don Hutson added the third Green-Bay touchdown.

MICHIGAN AND PURDUE TEAMS LEAD BIG TEN

Co-Championship Expected; Top Teams Not Booked During Season

CHICAGO, Oct. 25—Michigan and Purdue appeared destined today to share the Western Conference football crown unless navy orders further weaken either team for the remainder of the season.

Michigan's smashing 49 to 6 victory over Minnesota at Ann Arbor, the most decisive whipping absorbed by the Gophers in their 31-year history, stamped the Wolverines as one of the outstanding eleven of the midwest.

Purdue's decisive 28 to 7 victory over the Iowa Hawkeyes at Iowa City gives the Boilermakers an undefeated slate thus far. As Michigan and Purdue will not meet this year, they appeared to be headed for a share in the Big Ten title.

Purdue still meets Minnesota, but the poor showing the Gophers made last Saturday forecasts a victory for the Boilermakers.

Indiana, however, holds the key to the conference crown. The steadily improving Hoosiers, who shut out Wisconsin 34 to 0, at Bloomington, is a civilian outfit and not likely to lose many players before meeting Michigan and Purdue.

Michigan lost Capt. Paul White after the Minnesota game, and two more regulars, Bill Daley and Merv Pregulman, will be lost for the Illinois game this week.

By thrashing the Gophers, Michigan took possession for the year of the little brown jug, emblematic of a long rivalry between the two schools. Elroy Hirsch, former Wisconsin star, and Daley, ex-Gopher, scored five touchdowns between them to end Minnesota's ten-year hold on the famous jug.

The Boilermakers were tied 7-all going into the fourth quarter with Iowa, but Purdue power again made a final spurt to ring up three touchdowns. Engineer Tony Butkovich again was at the throttle of the Purdue powerhouse, scoring three touchdowns for a season's total of 13 and strengthening his position as one of the nation's leading yardage gainers with 686 yards in 114 efforts, an average of six plus per attempt.

Indiana had things rather easy with Wisconsin's injury-riddled squad that also suffered the heaviest blows through Navy transfers of any team in the conference. The Hoosiers, however, will meet their test in Ohio State this week end.

If Indiana can whip the Buckeyes, then Michigan and Purdue are in for trouble.

Northwestern punched out a 13 to 0 triumph over Ohio State at Columbus, again giving support to the old army maxim that victory rests with the side with the greater reserves. The Buckeyes operated with only 19 players, 13 of whom were freshmen. Otto Graham crashed the line for the first touchdown and then passed to Lynn McNutt for the other.

In a non-conference game at South Bend, the Notre Dame Irish showered Illinois with seven touchdowns to bring their five-game season's total to 34 touchdowns and 228 points while counting in 19 of the 20 quarters. The final score was Notre Dame 47, Illinois 0. The Irish will meet the Naval academy at Cleveland next Saturday before a capacity crowd of 80,000 persons.

ANGOTT, WHITE READY
LOS ANGELES, Oct. 25—With their world's lightweight title match only two days away, both Sammy Angott, the champion, and his dusky challenger, Luther "Sluggo" White, eased up today on the heavy training program they have been going through. The first lightweight title fight in California in 20 years is scheduled to go 15 rounds at the Hollywood ball park Wednesday night.

that the Tiger defense was not altered when Wilmington took to the air. Passes brought about all the touchdowns, the first being put in position by an aerial and the latter directly by over-head tosses.

Ohio State's kids did another swell job Saturday, but were not sufficient in size, manpower or experience to handle the Northwestern Wildcats. Otto Graham's stuff and the Bucks can thank Mr. Waldorf plenty for not using him any longer than he did. Here's hoping Ohio's injured are ready in time to play Indiana.

McClain will be good, there's no denying that. A fullback named Williams is pretty tough, especially as a line backer, and a Negro halfback named Payne can really carry the mail. Coach John Greisheimer and many of his boys saw the Tigers play at Wilmington.

Wilmington sports writers were high on the middle of the Tiger line, but they expressed themselves as rather puzzled over the

GREATEST CENTER

Injury-Ridden Ohioans Point Toward Indiana

COLUMBUS, Oct. 25 — Ohio State's youthful gridgers today were slowly recovering, both physically and mentally, from the severe pounding they took Saturday from powerful Northwestern.

The Wildcats, paced by all-American Otto Graham, outweighed the Bucks at least six pounds per man and this weight advantage was instrumental in the Wildcats' 13-0 triumph.

Though the odds against them were heavy from the start, the Bucks made it a scrap all the way, even on the last play of the game when they almost scored. Paul Davis faded back to his own 35 and completed a beautiful pass to Cy Souders who was downed immediately on the Wildcat's 20-yard stripe.

Despite the loss, the fourth in five starts, most fans were amazed at the improvement the Bucks showed, since the 27-6 win over Missouri three weeks ago.

Gordon Appleby, the center from Massillon, Bobby McQuade, a Columbus product and Cecil Souders all played a whale of a ball game which drew admiration from both Lynn Waldorf and Paul Brown.

"Souders played a great game and little Bobby McQuade, 150 pounds of fight—did everything he could. But against Northwestern's big boys he was just like a chip on the ocean," Brown said.

Columbus' Bill Willis, the big Negro tackle, also drew praise from Graham, the Wildcat's offensive star.

"Willis hits harder than he used to," Otto said. "He was there just about every time."

What concerned Brown more than anything else about the defeat was its cost in the physical condition of his team.

Dean Sensenbaur, 18-year-old Uhrichville freshman, banged the "charlie horse" which almost kept him from seeing action in Saturday's tussle.

Sensenbaur took Northwestern's kickoff on the first play of the third period and was tackled

hard. He was assisted off the field and did not return for the remainder of the game.

Whether he can be counted on to play in the Indiana game next week will depend on what kind of a miracle Trainer Ernie Biggs can contrive.

Appleby was also hurt. Next Saturday the youthful Bucks tangle with a just-as youthful Indiana contingent and the outcome of the game is definitely a toss-up.

The Hoosiers shellacked Wisconsin, Saturday, 34-0 and at present are considered the most improved team in the Western Conference.

Northwestern punched out a 13 to 0 triumph over Ohio State at Columbus, again giving support to the old army maxim that victory rests with the side with the greater reserves. The Buckeyes operated with only 19 players, 13 of whom were freshmen. Otto Graham crashed the line for the first touchdown and then passed to Lynn McNutt for the other.

In a non-conference game at South Bend, the Notre Dame Irish showered Illinois with seven touchdowns to bring their five-game season's total to 34 touchdowns and 228 points while counting in 19 of the 20 quarters. The final score was Notre Dame 47, Illinois 0. The Irish will meet the Naval academy at Cleveland next Saturday before a capacity crowd of 80,000 persons.

RAYMOND CLAPPER

Raymond Clapper will discuss the post-war era problem of "Will the New World Organizations Work Any Better Than the Old League of Nations?" on his broadcast to be heard Monday at 9 p. m.

On Thursday, October 28, the columnist and news commentator will turn the spotlight on one of the war's most important conference parleys—the Three-Power Moscow Conference. Mr. Clapper will give his views on "What Has Been Accomplished in Moscow?"

"BACHELOR'S CHILDREN"

Striking a new note in daytime radio, "Bachelor's Children," top-ranking dramatic series heard daily over CBS, recently inaugurated a query campaign on what the American public feels about our objectives after the war. The all-important topic placed before the American public is "What We Are Fighting For—What America Means To Me."

For each letter read on the program—five are read a week—the writer receives a twenty-five dollar War Bond.

GHOST STORIES

Whitey Ford, the Duke of Paducah, describes a gentleman ghost, so polite that every time he saw a lady, he'd tip his head, as the "Grand Ole Opry" salutes Halloween, on Saturday at 9:30 p. m., over NBC. Other musical, comic and human interest features go into this program, which opens with Roy Acuff and his Smoky Mountain Boys playing and singing the old fiddling favorite "Green Back Dollar." Other Acuff selections are the Lover's plea, "Live and Let Live," and the sacred ballad, "The Great Shining Light." Ford Rush, the Singing High Sheriff, offers "When It's Lamp Lighting Time in the Valley," and Minnie Pearl sings "In the Shade of the Pines," following her comic monologue on doings at Grinders the Switch. Trudy Brown interviews a pair of men in uniform, Mack McGraw fiddlers and leads the band in "Leather Breaches," and then the Duke of Paducah steps to the microphone for a description of Halloween doings. The program closes with the hoedown, "McCleod's Reel."

The Pied Pipers, singing four-some deluxe of the "Bob Crosby & Co." airshow Sundays at 9:30 p. m. over NBC, and the Edgar Bergen-Charlie McCarthy airshow, at 7 p. m. over NBC, always are interested in other performers' work on the programs for which the Pipers supply solid vocalists.

They never miss a beat or a move when host Bob Crosby leads his Bobcats through one of those lively jive-a-roo numbers.

Producer Cecil B. DeMille was genuinely happy to see Don Ameche return to Radio Theatre after almost a year's absence—to portray his original screen role in the delightful Lux version of "Heaven Can Wait." "It's fascinating to watch Don work at a radio microphone," DeMille said with enthusiasm. "He knows radio technique right down to the ground. He can do anything with that amazing voice of his. His is a rare gift, and it's a happy

day when Don is signed to appear in a Lux play!"

Conductor Felix Mills, of the Burns and Allen broadcast, will present the hit song from the film, "Thank Your Lucky Stars," "They're Either Too Young or Too Old," as orchestral feature of the CBS show, Tuesday, October 26.

Bing Crosby laughs fit to kill at his four sons. They pay no attention to the "old man" but always listen to Red Ryder and Jack Armstrong on the radio. Gary, aged 11, spent the Summer at Bing's Oregon ranch, raised his own steer and won a ribbon for

it at the County Fair. "The other three boys may also become ranch hands," says Bing. "If they keep on, they'll be able to support themselves." The "Groaner" heads the Music Hall festivities every Thursday at 8 p. m. over NBC.

Nan Wynn sings "The Old Music Master" and "Things That Mean So Much to Me," as her solos on "America—Ceiling Unlimited," on the Sunday, October 24 broadcast over CBS.

Lena Horne, who guest-starred on Sunday's "Chamber Music Society of Lower Basin Street," sang "Shoo, Shoo, Baby," a tune cur-

rently rapping on the door of the Hit Parade. Accompanist Phil Moore grinned widely as the audience cheered her handling of it. He should... he wrote it!

RAYMOND CLAPPER
 Raymond Clapper will discuss the post-war era problem of "Will the New World Organizations Work Any Better Than the Old League of Nations?" on his broadcast to be heard Monday at 9 p. m.
 On Thursday, October 28, the columnist and news commentator will turn the spotlight on one of the war's most important conference parleys—the Three-Power Moscow Conference. Mr. Clapper will give his views on "What Has Been Accomplished in Moscow?"

"BACHELOR'S CHILDREN"
 Striking a new note in daytime radio, "Bachelor's Children," top-ranking dramatic series heard daily over CBS, recently inaugurated a query campaign on what the American public feels about our objectives after the war. The all-important topic placed before the American public is "What We Are Fighting For—What America Means To Me."
 For each letter read on the program—five are read a week—the writer receives a twenty-five dollar War Bond.

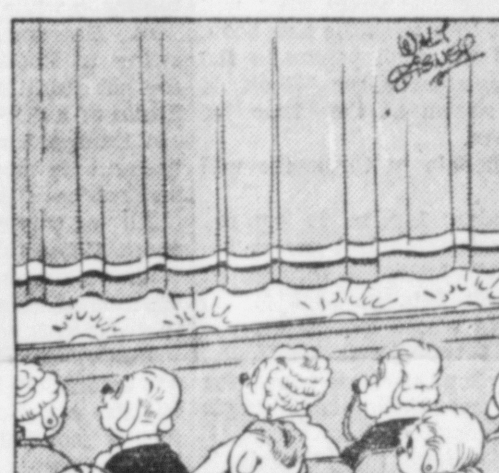

GHOST STORIES
 Whitey Ford, the Duke of Paducah, describes a gentleman ghost, so polite that every time he saw a lady, he'd tip his head, as the "Grand Ole Opry" salutes Halloween, on Saturday at 9:30 p. m., over NBC. Other musical, comic and human interest features go into this program, which opens with Roy Acuff and his Smoky Mountain Boys playing and singing the old fiddling favorite "Green Back Dollar." Other Acuff selections are the Lover's plea, "Live and Let Live," and the sacred ballad, "The Great Shining Light." Ford Rush, the Singing High Sheriff, offers "When It's Lamp Lighting Time in the Valley," and Minnie Pearl sings "In the Shade of the Pines," following her comic monologue on doings at Grindler's Switch. Trudy Brown interviews a pair of men in uniform, Mack McGar fiddlers and leads the band in "Leather Breeches," and then the Duke of Paducah steps to the microphone for a description of Halloween doings. The program closes with the hoedown, "McCleod's Reel."

RADIO NEWS NOTES
 Jack Douglas, radio's newest comedian discovery, who has been wowing radio audiences with his own gagwriting routines on "What's New?" airshow series each Saturday confessed to the program's host, Don Ameche, that he once tried to sell a joke to Eddie Cantor. "What'll you give me for this joke?" Jack asked Eddie. Cracked Cantor: "A tenyard head start!"
 The Pied Pipers, singing four-some deluxe of the "Bob Crosby & Co." airshow Sundays at 9:30 p. m. over NBC, and the Edgar Bergen-Charlie McCarthy airshow, at 7 p. m. over NBC, always are interested in other performers' work on the programs for which the Pipers supply solid vocalists.

Junior Fair Best of Kind Ever Held in County, Blair Says

Contributions Already Made Toward Purse For Next Year

OHIO STATE BUYS HOGS

Big Crowd Assembles For Finale Of Program Saturday Night

Pickaway county's Junior Fair, completed Saturday night, was declared today by F. K. Blair, agricultural extension agent, as the finest event of its kind ever conducted for farm boys and girls of the county.

"It was more complete, attracted larger crowds, and proved a greater success from every angle than any ever conducted here before," the farm agent said.

Mr. Blair said that already several fanciers of varied kinds of livestock have made contributions which will assure handsome purses in various forms of competition in a Junior Fair next year.

Washington township Hill Climbers 4-H club was declared to be No. 1 club in the county so far as its judging team is concerned. The team comprised of Frederick Martin, Earl Palm and David Bolender, running up 945 points in four divisions of judging out of a possible 1,200 points.

Chief Of Judges

Young Martin was No. 1 stock judge in the competition with a score of 355 out of 400. Second to him was Earl Palm with 340, he being tied with Jack Hammon of Atlanta FFA. Alva Derr of Walnut FFA was third with 325. Four youths, Eugene Hays of Atlanta FFA, Robert Young of Pickaway FFA, Dale Goodman of Jackson 4-H and Joe Hedges of Walnut FFA were tied for fourth with 310 points. In fifth position was Don Hoover, Duval 4-H, with 295.

Second to the Washington township Hill Climbers was the Atlanta Future Farmers of America unit with 930 points. Walnut FFA finished third with 900, Duval 4-H was fourth with 855, Walnut 4-H and Pickaway FFA tied for fifth with 780 points, and Saltcreek and Jackson 4-H clubs were sixth tied with 750 points.

OSU Boys Hogs

Mr. Blair, in elaborating on the success of the livestock show, said that Mr. Jordan, herdsman at Ohio State university, who judged the swine, was so pleased with the stock show by the youthful exhibitors that he advised agricultural department leaders at the university to buy some of the choice stock. As a result, the top spotted Poland boar pig owned by Adrian Liston of Monroe township and the top Hampshire boar pig owned by Bill Truitt of Monroe township were sold to the university at high prices.

The Truitt youth also won a registered pig given by Robert D. Musser of Ringgold Farms for having the champion Hampshire gilt in the show.

Billy Courtwright of Ashville had the grand champion fat pig in the show and was awarded a trophy by the Pickaway Grain Co.

Interest shown by some of the leading livestock dealers in the district also helped to prove the success of the event. Mr. Blair pointed out. He said that in addition to the prize Angus bought from Lois Defenbaugh by David Davies, Columbus, for 35 cents a pound, Bauman, brothers of Lancaster bought the champion steer from Hocking county shown in the Junior Fair, the reserve champion of the show and the first prize shorthorn.

Buy Fat Lambs

Teegardin Livestock Co., of Columbus, bought the fat lambs, and Falter Packing Co., Columbus, bought all the outstanding fat hogs.

Charles Smith and Charles Hunn, local dealers, also showed an interest in the show, both making purchases.

The Saturday night crowd at the Junior Fair was an immense one, with all concessionaires and

The financial report of the Junior Fair may not be available for some time, Robert G. Colville, Pickaway County Agricultural Society treasurer, pointed out Monday. However, he said Saturday that good weather during the evening would assure a better than even break so far as finances were concerned. Saturday weather was almost perfect for the event.

Public Assembly At Memorial Hall Called To Observe Navy Day

Navy Day, observed nationally next Wednesday, October 27, will be celebrated in Circleville with a public meeting to be conducted in Memorial Hall at 8 p. m. The program will be under auspices of the Chamber of Commerce with Fred C. Clark heading the committee.

Lieutenant Frank Duffy, commanding officer of the Columbus Navy recruiting office, has promised Mr. Clark to send a speaker to Circleville to address the crowd expected in the hall that night. He has also said he would try to send a member of the WAVE organization to Circleville that night.

The Circleville high school band will appear in concert during the evening.

Chamber of Commerce is hoping to have a large crowd at the auditorium, sending an appeal to parents and friends of Navy men who are in service, and also inviting all persons interested in the WAVES to also be present.

Navy Day celebrations are being held in many other cities

Economics Classes Have Fine Displays During Junior Fair

Home Economics classes of Atlanta, Saltcreek township, Monroe township, Pickaway township and Walnut township schools had excellent exhibits during the Junior Fair. Work of class members was judged according to home economics rules and graded A, B or C, according to degrees of merit.

Work was exhibited in home furnishings, garments of cotton, wool and rayon, darning and mending in addition to displays of canned fruits, vegetables, cooked foods, preserves and jellies.

CONCESSIONAIRE BOUND OVER TO GRAND JURY

Ross Green, Columbus concessionaire who had a stand on Court street during the Junior Fair, was bound to the grand jury Saturday night by Mayor Ben H. Gordon on charges of threatening William Erb, also of Columbus. Police said that dispute happened following an argument.

Green posted \$200 bond after pleading innocent. The arrest was made at 3:15 p. m. by police after they received a report that there was trouble in the business district.

SERVICE TODAY

Service today, means working longer hours with less help and with shortages of all manner of materials. Plenty of headaches, but we're not complaining. In fact, the tougher the going the more we feel that in our small way we are doing our part.

War production, of course, must have first call on manpower and materials. Nothing must hinder the flow of fighting strength pulsing relentlessly to our battle fronts. At the same time we have a vital responsibility to shoulder. We are part of an essential civilian industry. It is our duty to keep functioning as smoothly as possible.

It isn't easy. But there never was a thought here of a duration vacation. We are substituting ideas, ingenuity and sweat for many of the things that were plentiful before. We're on duty every minute—so that our service will give our all on the home front.

sentative Ham Fish, or anyone else like them."

The GOP leader was cheered and applauded frequently during the three-hour meeting, but this touched off the biggest ovation of all for an audience which numbered a hefty quota of isolationists. It was a strange spectacle. But Willie wasn't through. He was equally frank in replying to other questions, including his position on Soviet Russia.

HIS ATTITUDE ON RUSSIA

"I am opposed to all foreign 'isms' for the reason that they deny liberty to the people living under them. I could never be for any system that would tolerate this. However, I want to make this reservation with regard to Soviet Russia, and I believe I know a little about it, having travelled there and met Joseph Stalin. No realist who is honest with himself can deny that the Russian system has been effective."

Willkie described the Russian people as honest and hard-working, but at the same time "the most oratorical people I have ever met."

Stalin, he said, did not talk in the picturesque, well-rounded sentences historians of great men like to record, but that he was "direct and to the point and definite in his answers, when he chose to answer at all."

Willkie said he preferred not to criticize the Commander-in-Chief too much while the country was at war. However, he took a joint swing at Roosevelt and Churchill for not fulfilling their promise to Stalin of a Second Front in Western Europe. This promise definitely had been made, he declared, but had not been kept.

All of this was behind closed doors. When the meeting was over, Willkie's collar was rumpled and his mop of hair disheveled, as after one of his 1940 political speeches, but his forthrightness had won him a lot of new GOP friends on Capitol Hill. As one former isolationist remarked: "You have to hand it to the guy. He has a lot of guts. If he had been as definite in his political speeches during the last campaign as he was tonight, he would have won the election."

REBELLIOUS PENCIL-PUSHERS

When you see young men doing desk jobs for the Army or Navy, don't always blame it on them. Thousands are itching to get into active duty but are kept at pencil-pushing jobs which they hate.

Take the case of Joseph T. Bailey, employed in the Machinery Test Section of the Planning Division, Charleston Navy Yard. He wrote to his chief:

"I would like a release from the Navy Yard. I came here as a Junior Mechanical Engineer, March 20, 1943, and as yet I have done nothing a grammar school kid could not do. From the day I came here I have felt like the lowest type of draft dodger, and the feeling grows each day."

He added that the Navy Yard is overcrowded with civilian engineers who are being used "for paper-cutters, typist assistants, and office boys thirty percent of the time; the other seventy percent of their time is spent loafing."

Bailey promptly learned that it doesn't pay to express your

Ground Crew Member Writes To Johnsons About Missing Flyer

More information about his son, Technical Sergeant Ben H. Johnson, now a prisoner in Germany, and about the other members of the crew of the Judy B, the Flying Fortress which failed to return after a mission over Germany, has been received by Harry Johnson, 206 West Mill street. The letter came from Master Sergeant Kenneth Harrison, chief of the ground crew which was in charge of the Judy B.

Harrison wrote his letter after receiving a letter from Lawrence J. Johnson, brother of Ben, which said that Ben had been announced as a prisoner of war.

The master sergeant wrote: "So far the rest haven't been reported anywhere, but I hope that we will hear from them soon."

Harrison sent the Johnsons a picture of eight of the crew members with their Fortress.

"Ben was on his fourteenth raid," the master sergeant who is still in England wrote, "and on the morning of the takeoff no one was much worried, thinking this was a 'milk run' or an easy raid."

The sergeant said that a P-47 pursuit plane pilot followed the Fortress down when it was knocked out and protected all the members of the crew as they jumped safely.

Sergeant Harrison said Benny had received the Air Medal after he made five raids and was given an oak leaf cluster to pin on the ribbon after his tenth mission.

"Mr. Johnson should not worry since we have heard prisoners of bomber crews forced down are treated very well. Benny was often radio man on the lead ship in a radio and that's quite an honor in itself," Harrison wrote.

Members of the crew reported missing in action at the same time young Johnson was reported lost included Lieutenant Charles Bigler, pilot, Logansport, Ind.; Lieutenant Deehr, co-pilot, Seattle, Wash.; Lieutenant Boyle, bombardier, Elmwood Park, Ill.; Lt. Bradley, navigator, Drexel Hill, Pa.; Technical Sergeant Tyler, engineer-top turret gunner, Dallas, Texas; Staff Sergeant Dyson, right waist gunner, Kermit, Texas; Staff Sergeant Stachura, left waist gunner, Fall River, Mass.; Staff Sergeant Kukawski, bottom turret gunner, Grand Rapids, Mich.; and Staff Sergeant Matthews, tail gunner, Saltville, Indiana.

LITTLE ADDED POLICE WORK CAUSED BY FAIR

Police court activities was only a little heavier than usual Saturday night in the closing hours of the Junior Fair with several persons being lodged in jail. Several still await hearings before Mayor Ben H. Gordon.

Private Warren Lutz, 22, of Fort Custer, Mich., was arrested for fighting in a West Main street establishment. After his arrest he swung at Special Patrolman John McGinnis, but was put under control by other officers with McGinnis.

George Weidinger, James Skaggs and Earl Scott, all arrested on drunk and disorderly charges, posted \$10 bond each, while Clarence Foster, whose true name was being investigated by police, was ordered to leave the city.

VALENTINE FUNERAL

Funeral services for Mrs. Viola Frances Valentine, 70, who died Friday evening at the Carr Rest Home, Washington C. H., were held Monday at 2:30 p. m. in the Defenbaugh chapel with the Rev. M. R. "GONE WITH THE WIND" TO MAKE FINAL SHOWING

"Gone With the Wind," the movie made from Margaret Mitchell's best seller, will be shown in Circleville for the last times, Tuesday, Wednesday and Thursday on the Grand theatre screen.

The picture is being taken out of service November 1, the Grand management declaring that persons who have not seen the picture or who have seen it on smaller screens will be given their last chance to enjoy the movie, which rates as one of the best produced in many years.

FUNERAL OF INFANT

Funeral services for Dale Frederick Shaeffer, day-old son of Howard and Gladys Calton Shaeffer of north of Amanda, were held Monday at 11 a. m. at the grave side in Forest Rose cemetery. The child, born at the family home, died Saturday evening. The Rev. F. E. Dunn officiated and burial was in charge of the Defenbaugh funeral home.

"It was more complete, attracted larger crowds, and proved a greater success from every angle than any ever conducted here before," the farm agent said.

Mr. Blair said that already several fanciers of varied kinds of livestock have made contributions which will assure handsome purses in various forms of competition in a Junior Fair next year.

Washington township Hill Climbers 4-H club was declared to be No. 1 club in the county so far as its judging team is concerned. The team comprised of Frederick Martin, Earl Palm and David Bolender, running up 945 points in four divisions of judging out of a possible 1,200 points.

Chief Of Judges

Young Martin was No. 1 stock judge in the competition with a score of 355 out of 400. Second to him was Earl Palm with 340, he being tied with Jack Hammon of Atlanta FFA. Alva Derr of Walnut FFA was third with 325. Four youths, Eugene Hays of Atlanta FFA, Robert Young of Pickaway FFA, Dale Goodman of Jackson 4-H and Joe Hedges of Walnut FFA were tied for fourth with 310 points. In fifth position was Don Hoover, Duval 4-H, with 295.

Second to the Washington township Hill Climbers was the Atlanta Future Farmers of America unit with 930 points. Walnut FFA finished third with 900, Duval 4-H was fourth with 855, Walnut 4-H and Pickaway FFA tied for fifth with 780 points, and Salt-creek and Jackson 4-H clubs were sixth tied with 750 points.

OSU Boys Hogs

Mr. Blair, in elaborating on the success of the livestock show, said that Mr. Jordan, herdsman at Ohio State university, who judged the swine, was so pleased with the stock show by the youthful exhibitors that he advised agricultural department leaders at the university to buy some of the choice stock. As a result, the top spotted Poland boar pig owned by Adrian Liston of Monroe township and the top Hampshire boar pig owned by Bill Truitt of Monroe township were sold to the university at high prices.

The Truitt youth also won a registered pig given by Robert D. Musser of Ringgold Farms for having the champion Hampshire gilt in the show.

Billy Courtwright of Ashville had the grand champion fat pig in the show and was awarded a trophy by the Pickaway Grain Co.

Interest shown by some of the leading livestock dealers in the district also helped to prove the success of the event, Mr. Blair pointed out. He said that in addition to the prize Angus bought from Lois Defenbaugh by David Davies, Columbus, for 35 cents a pound, Bauman brothers of Lancaster bought the champion steer from Hocking county shown in the Junior Fair, the reserve champion of the show and the first prize shorthorn.

Buy Fat Lambs

Teegardin Livestock Co., of Columbus, bought the fat lambs, and Falter Packing Co., Columbus, bought all the outstanding fat hogs.

Charles Smith and Charles Hunn, local dealers, also showed an interest in the show, both making purchases.

The Saturday night crowd at the Junior Fair was an immense one, with all concessionaires and

Public Assembly At Memorial Hall Called To Observe Navy Day

Navy Day, observed nationally next Wednesday, October 27, will be celebrated in Circleville with a public meeting to be conducted in Memorial Hall at 8 p. m. The program will be under auspices of the Chamber of Commerce with Fred C. Clark heading the committee.

Lieutenant Frank Duffy, commanding officer of the Columbus Navy recruiting office, has promised Mr. Clark to send a speaker to Circleville to address the crowd expected in the hall that night. He has also said he would try to send a member of the WAVE organization to Circleville that night.

The Circleville high school band will appear in concert during the evening.

Chamber of Commerce is hoping to have a large crowd at the auditorium, sending an appeal to parents and friends of Navy men who are in service, and also inviting all persons interested in the WAVES to also be present.

Navy Day celebrations are being held in many other cities

CONCESSIONAIRE BOUND OVER TO GRAND JURY

Ross Green, Columbus concessionaire who had a stand on Court street during the Junior Fair, was bound to the grand jury Saturday night by Mayor Ben H. Gordon on charges of threatening William Erb, also of Columbus. Police said that dispute happened following an argument.

Green posted \$200 bond after pleading innocent. The arrest was made at 3:15 p. m. by police after they received a report that there was trouble in the business district.

SERVICE TODAY

Service today, means working longer hours with less help and with shortages of all manner of materials. Plenty of headaches, but we're not complaining. In fact, the tougher the going the more we feel that in our small way we are doing our part.

War production, of course, must have first call on manpower and materials. Nothing must hinder the flow of fighting strength pulsing relentlessly to our battle fronts—At the same time we have a vital responsibility to shoulder. We are part of an essential civilian industry. It is our duty to keep functioning as smoothly as possible.

It isn't easy. But there never was a thought here of a duration vacation. We are substituting ideas, ingenuity and sweat for many of the things that were plentiful before. We're on duty every minute—so that our service will give our all on the home front.

sentative Ham Fish, or anyone else like them."

The GOP leader was cheered and applauded frequently during the three-hour meeting, but this touched off the biggest ovation of all for an audience which numbered a hefty quota of isolationists. It was a strange spectacle. But Willie wasn't through. He was equally frank in replying to other questions, including his position on Soviet Russia.

HIS ATTITUDE ON RUSSIA

"I am opposed to all foreign 'isms' for the reason that they deny liberty to the people living under them. I could never be for any system that would tolerate this. However, I want to make this reservation with regard to Soviet Russia, and I believe I know a little about it, having traveled there and met Joseph Stalin. No realist who is honest with himself can deny that the Russian system has been effective."

Willkie described the Russian people as honest and hard-working, but at the same time "the most oratorical people I have ever met."

Stalin, he said, did not talk in the picturesque, well-rounded sentences historians of great men like to record, but that he was "direct and to the point and definite in his answers, when he chose to answer at all."

Willkie said he preferred not to criticize the Commander-in-Chief too much while the country was at war. However, he took a joint swing at Roosevelt and Churchill for not fulfilling their promise to Stalin of a Second Front in Western Europe. This promise definitely had been made, he declared, but had not been kept.

All of this was behind closed doors. When the meeting was over, Willkie's collar was rumpled and his mop of hair disheveled, as after one of his 1940 political speeches, but his forthrightness had won him a lot of new GOP friends on Capitol Hill. As one former isolationist foe remarked: "You have to hand it to the guy. He has a lot of guts. If he had been as definite in his political speeches during the last campaign as he was tonight, he would have won the election."

REBELLIOUS PENCIL-PUSHERS

When you see young men doing desk jobs for the Army or Navy, don't always blame it on them. Thousands are itching to get into active duty but are kept at pencil-pushing jobs which they hate.

Take the case of Joseph T. Bailey, employed in the Machinery Test Section of the Planning Division, Charleston Navy Yard. He wrote to his chief:

"I would like a release from the Navy Yard. I came here as a Junior Mechanical Engineer, March 20, 1943, and as yet I have done nothing a grammar school kid could not do. From the day I came here I have felt like the lowest type of draft dodger, and the feeling grows each day."

He added that the Navy Yard is overcrowded with civilian engineers who are being used "for paper-cutters, typist assistants, and office boys thirty percent of the time; the other seventy percent of their time is spent loafing."

Bailey promptly learned that it doesn't pay to express your

Ground Crew Member Writes To Johnsons About Missing Flyer

More information about his son, Technical Sergeant Ben H. Johnson, now a prisoner in Germany, and about the other members of the crew of the Judy B, the Flying Fortress which failed to return after a mission over Germany, has been received by Harry Johnson, 206 West Mill street. The letter came from Master Sergeant Kenneth Harrison, chief of the ground crew which was in charge of the Judy B.

Harrison wrote his letter after receiving a letter from Lawrence J. Johnson, brother of Ben, which said that Ben had been announced as a prisoner of war.

The master sergeant wrote: "So far the rest haven't been reported anywhere, but I hope that we will hear from them soon."

Harrison sent the Johnsons a picture of eight of the crew members with their Fortress.

"Ben was on his fourteenth raid," the master sergeant who is still in England wrote, "and on the morning of the takeoff no one was much worried, thinking this was a 'milk run' or an easy raid."

The sergeant said that a P-47 pursuit plane pilot followed the Fortress down when it was knocked out and protected all the members of the crew as they jumped safely.

Sergeant Harrison said Benny had received the Air Medal after he made five raids and was given an oak leaf cluster to pin on the ribbon after his tenth mission.

"Mr. Johnson should not worry since we have heard prisoners of bomber crews forced down are treated very well. Benny was often radio man on the lead ship in a radio and that's quite an honor in itself," Harrison wrote.

Members of the crew reported missing in action at the same time young Johnson was reported lost included Lieutenant Charles Bigler, pilot, Logansport, Ind.; Lieutenant Deehr, co-pilot, Seattle, Wash.; Lieutenant Boyle, bombardier, Elmwood Park, Ill.; Lt. Bradley, navigator, Drexel Hill, Pa.; Technical Sergeant Tyler, engineer-top turret gunner, Dallas, Texas; Staff Sergeant Dyson, right waist gunner, Kernit, Texas; Staff Sergeant Stachura, left waist gunner, Fall River, Mass.; Staff Sergeant Kukawski, bottom turret gunner, Grand Rapids, Mich.; and Staff Sergeant Matthews, tail gunner, Saltillo, Indiana.

LITTLE ADDED POLICE WORK CAUSED BY FAIR

Police court activities was only a little heavier than usual Saturday night in the closing hours of the Junior Fair with several persons being lodged in jail. Several still await hearings before Mayor Ben H. Gordon.

Private Warren Lutz, 22, of Fort Custer, Mich., was arrested for fighting in a West Main street establishment. After his arrest he swung at Special Patrolman John McGinnis, but was put under control by other officers with McGinnis.

George Weidinger, James Skaggs and Earl Scott, all arrested on drunk and disorderly charges, posted \$10 bond each, while Clarence Foster, whose true name was being investigated by police, was ordered to leave the city.

"GONE WITH THE WIND" TO MAKE FINAL SHOWING

"Gone With the Wind", the movie made from Margaret Mitchell's best seller, will be shown in Circleville for the last times, Tuesday, Wednesday and Thursday on the Grand theatre screen.

The picture is being taken out of service November 1, the Grand management declaring that persons who have not seen the picture or who have seen it on smaller screens will be given their last chance to enjoy the movie, which rates as one of the best produced in many years.

FUNERAL OF INFANT

Funeral services for Dale Frederick Shaeffer, day-old son of Howard and Gladys Calton Shaeffer of north of Amanda, were held Monday at 11 a. m. at the grave side in Forest Rose cemetery. The child, born at the family home, died Saturday evening. The Rev. F. E. Dunn officiated and burial was in charge of the Defenbaugh funeral home.
